Chiang Raids Fail To Stop Reds' Buildup

Communists Bolster Island Forces Despite Series of Air Blows

TAIPEI Formosa (AP) — Three straight days of Nationalist air attacks have failed to stop the Red buildup of the Taishan Islands threatening nearby Nanchishan reliable reports said today

A second Communist buildup has begun on the Fukien province coast opposite the strategic Matsu Islands 100 miles west of Formosa, the Defense Ministry s information service said.

Meanwhile Nationalist officials set up 26 civil air defense centers here to work out plans to minimize bombing casualties if war comes

Nationalist Claims

These developments followed three straight days of naval and aerial pounding of the Taishan group and nearby waters in which the Nationalists now claim these totals

Friday—1 submarine 21 gunboats, landing craft and armed junks sunk

Saturday—15 armed junks sunk 5 damaged

Yesterday — One 1 000-ton gunboat 'disappeared" after a direct hit, 5 landing ships hit, 1 probably sunk

In addition waves of Nationalist warplanes struck again at the Taishans through last night, blasting military installations and possibly blowing up an ammunition dump air force headquarters announced

The Taishans are 30 miles southwest of Nanchishan, the northernmost of the offshore islands held by the Nationalists Nanchishan is fortified and garrisoned by an estimated 5,000 regular and guerrilla troops

140 Miles From Formosa

Nanchisan, 140 miles north of Formosa, is about 80 miles south of the Tachen Islands, evacuated recently by the Nationalists with the help of the U S 7th Fleet

It was this evacuation which the Defense Ministry information service blamed for the other reported Red buildup, opposite the Matsu Island group blocking the entrance to the Red port of Foochow, 100 miles west of Formosa

The information service said evacuation of the Tachens had enabled the Reds to shift their forces from Chekiang province opposite the Tachens, down into Fukien province near the Matsu group It said all available means of land and sea transport were being used to move troops down to the Fukien coast where blasting heard clearly on the Matsus indicated they were building gun positions and fortifications.

Panmunjom Commission Gets Charge

Gen. Carter, Senior Allied Delegate, Cites Feb. 5 Attack on Plane

PANMUNJOM, Korea (AP)—The United Nations Command today accused the Communists of violating the Korean armistice by building up Red MIG strength in North Korea

It demanded that those responsible be punished

Maj Gen Leslie D Carter, senior Allied member of the Korean Military Armistice Commission, made the charge. He declared the MIGs which attacked an American RB45 jet reconnaissance bomber over the Yellow Sea Feb 5 were evidence of Red air activities in North Korea since the armistice which 'have mounted from zero in increasing magnitude to a high tempo".

'False' Charges

At a news conference after the commission meeting, Carter quoted the chief Communist delegate, North Korean Lt. Gen Lee Sang Cho, as saying the U. N charges were "allegations hastily manufactured '

Carter quoted Lee "The history of the Korea War proves the fact that we had combat aircraft in North Korea . . . How we maintain the planes and how many we have is our own, business and no concern of others "

Lee further told him, Carter said, that a Neutral Nations Supervisory Commission team which visited North Korea in October 1953, a few months after the armistice, "witnessed a large number of military aircraft, including MIGs "

Accuses Allies

Lee accused the Allied side of expanding army and aircraft strength in South Korea and of "covering up the crime by making false allegations," Carter said.

Today's charge grew out of the air battle Feb. 5 when two MIGs were shot down after they attacked the RB45 and its escorting Sabre Jets.

Carter demanded that three neutral nations mobile inspection teams go to North Korea to look for evidence of the MIGs and their armament

WHERE PLANE HIT. Map locates Sandia Peak in New Mexico, near where the smoking wreckage of a TWA airliner was found Monday All 16 aboard died in the wreckage of the plane, which had been missing since the previous day on a flight from Albuquerque to Santa Fe.

Search Crews Find 4 Bodies At Crash Scene

Wreckage of Airliner Located on Mountain, Cold Slows Up Hunters

ALBUQUERQUE (AP)—A search team reported early today it had found four bodies near a huge rock pinnacle in the Sandia Mountains where a Trans World Airliner crashed Saturday with 16 aboard.

Word trickled down by walkie-talkie from the mountainside that there was no sign of life in the wreckage.

The airliner rammed the pillar in the rugged snow-covered mountains just minutes after it took off.

Two search teams, weary and stiff after a night in subzero cold on the mountainside, started at dawn probing the crannies around the needle-shaped rock where the plane hit.

Pack animals were started up from the base camp at the foot of the 10,000-foot mountain to bring out the bodies and an air drop was scheduled to deliver equipment for removal of the bodies.

The plane took off from Kirtland Field, Albuquerque, about 15 miles southeast Saturday morning Three minutes later veteran pilot I. R Spong, Prairie Village, Kan., radioed all was well. That was the last heard from the twin-engine Martin 44, bound for Santa Fe 70 miles away, on the first leg of a flight terminating at Baltimore.

The wreckage, on the cliff-rimmed west face of the Sandia Mountains, was spotted by James Bixler, chief pilot for Carco Air Service

Col William Gibson of the Air Rescue Service, Denver, hovered in a helicopter within 50 feet of the wreckage hanging atop the 100-foot rock tower. He said it "defi-

Little Opposition

Quick Senate Okay Seen on Pay Boost

WASHINGTON (AP)—Leaders confidently called on senators today to vote themselves a 50 per cent pay increase—from $15,000 to $25,500 a year—with a minimum of sound and fury.

One influential senator, who declined to be quoted by name, said at least 60 of the 96 lawmakers already had promised support Opponents were certain of only a handful of votes on the politically touchy issue

The strategy was to approve the Senate version of a pay boost for the 531 members of Congress and some 46 federal judges and then let a friendly Senate-House conference committee adjust differences between it and a more liberal pay boost bill that shot through the House last week, 283-118.

Hope To Limit Debate

There were indications that leaders had talked to some opponents of the bill in the hope of keeping debate to a minimum. Congress is always wary of voter reaction when acting on matters which affect its own pocketbook.

President Eisenhower has urged a congressional pay hike of unspecified size, and a special commission last year recommended a salary of $27 500

The senate bill calling for $22 500 was approved by the Judiciary Committee without a record vote. Democratic Leader Lyndon B Johnson of Texas, and Republican Leader Knowland of California are expected to vote for it

Sen. Williams Favors Delay

Sen Bush (R-Conn) has served notice he will move to allow the increase for judges now and consider the congressional provisions later. Sen Williams (R-Del) has said he will seek to put off all pay boosts until the federal budget is balanced

Democratic Senators Byrd (Va) Ellender (La), Morse (Ore) and Neuberger (Ore) have indicated opposition to the pending bill

Congress members now draw $12 500 in salary and $2,500 in an expense fund for which they need make no accounting

The House bill would boost pay of all congressmen to $25 000 a year. Both bills would give comparable increases to federal judges some high justice department officials and U S attorneys

Local Resident Dies Day After Sidewalk Fight

Frank D. Markley, 55, Loses Life; City Police Hold Alleged Assailant

A Marion man found unconscious in front of a Woodrow Ave tavern Saturday night died last night in General Hospital.

He was Frank Denver Markley of 1130 Keener Ave.

He and another man had engaged in a fist fight about 9 40 p m Saturday after getting into an argument in the Oakland Grill at 640 Woodrow, witnesses told police.

Man Held by Police

The other man, a 32-year-old resident of Uncapher Ave., is being held by police on an open charge pending an autopsy report on the cause of Markley's death Police Chief Thomas Coon said today. The autopsy is scheduled today at the University Hospital in Columbus A report is expected sometime this afternoon

Police said Gene Ziegler, proprietor of the tavern, reported the two men became engaged in an argument and went outside the bar to settle it with fists

Ziegler, who called police, said Markley was knocked to the sidewalk by the other man, who then fled He was picked up about an hour later when he returned to the tavern

Skull Fractured

Markley, a machine operator employed by the Fairfield Engineering Co., apparently suffered a fractured skull, either from a blow or when his head hit the pavement police said He was bleeding from the mouth and ears when found and was taken to the hospital in a police cruiser

He died at 5 30 p m. Sunday without regaining consciousness

Frank Denver Markley was born June 30, 1899, in Jacksonville

17 U.S. Deaths Reported From Blinding Storm

Blizzard Turns North To Canada, Snowfalls Measure to 28 Inches

By The Associated Press

A blinding blizzard, termed by the Weather Bureau one of the winter s worst storms, whirled northward out of the Great Plains today and into Canada with moderated intensity.

It left behind snowfalls up to Duluth s 28 inches, snowdrifts as deep as 12 feet in Nebraska, blocked highways in at least four states at least 17 persons dead and four missing

The storm had not lost all its punch, however Strong winds were piling snow in deep drifts in the Manitoba province of Canada, where police reported 'hundreds of persons were stranded on blocked highways. Winnipeg got 7 inches of snow

Below the border the five deaths each reported in Colorado Utah and Montana and two in Wyoming were caused mostly by traffic accidents in visibility zero conditions during the driving storm of the past three days

But authorities feared for three Nebraska ministers who left Gothenburg Saturday afternoon and a

Faure Trying Hand at Cabinet

Fourth Bid Launched At Ending Paris Crisis

PARIS (AP)—Edgar Faure continued his search today for enough unity among France's divided political figures to enable him to form a cabinet and end France s 17-day-old government crisis

Faure—fourth man to try his hand since the National Assembly threw out Pierre Mendes-France Feb 4 — moved methodically through the formal calls and political negotiations required by the French system

Important calls on today s list included Socialist leaders who are cool toward Faure, a Radical Socialist and former premier, and reportedly are opposed to participating in his cabinet

Faure has been cautious in his speeches since he was asked Friday to try to form France s 21st postwar government But as foreign minister in the Mendes France Cabinet he is committed to much of the ousted Premier s program.

Guns, Shells, Cash Taken in Two Burglaries

Caledonia Lumber Co. And School Building Entered Over Weekend

Two break-ins in Caledonia believed to have been committed by two different burglars were investigated by sheriff's deputies Saturday. One was at the Farm and Home Lumber Co. and the other was at the Caledonia School building

About 7 30 Saturday morning Troy Kline and Wade Harris employes of the Farm and Home Lumber Co., discovered the place had been broken into during the night

Deputies investigating found that two shotguns and 12 boxes of shells had been stolen and entrance was gained by prying a storm window out of its frame and then prying open an inner door into the manager's office

The office was ransacked, but apparently nothing was taken from there, deputies said today. The shotguns and aummunition were taken from the store section of the building

In order to get a car close to the building, the burglar or burglars had forced open two gates in a fence around the building.

The school burglary netted the thief or thieves $30 in cash. It

Matusow Goes Before Senate Security Group

Committee Seeks To Separate Fact From Fiction in Testimony

WASHINGTON (AP)—Harvey Matusow self described ex-Communist and liar, was called for questioning today by Senate Red hunters checking into his repudiation of sworn testimony he gave them

The public hearing by the Senate Internal Security subcommittee was aimed at separating fact from fiction in Matusow s statements

Matusow, 28, testified as an ex-Communist and former FBI informer in four investigations conducted by the subcommittee in 1952 including a probe in which he now says he gave false testimony against Owen Lattimore.

Far Eastern Specialist

Lattimore is a Far Eastern affairs specialist who is under indictment on perjury charges growing out of the subcommittee probe but not directly related to Matusow's testimony.

Matusow also gave testimony which he now says was false to the House Un-American Activities Committee and as a paid government witness in the trial of 13 second string Communist leaders convicted on conspiracy charges in 1953

Chairman Walter (D-Pa) of the House committee has declared he is convinced that Matusow was a Communist "plant" intended to discredit congressional investigators.

File for New Trial

The convicted Communists filed a new trial motion after Matusow said in an affidavit Jan. 31 that he gave faked evidence against them

Matusow, in previous appearances before the Internal Security subcommittee has testified that he joined the Communist party in 1947 became disillusioned with it early in February 1950, and contacted the FBI.

Boy Loses Eye When 'Zip Gun' Bursts in Face

A 15-year-old Marion boy lost his left eye Sunday afternoon while playing with a homemade zip gun " Sheriff's deputies reported today Roy Steed, 15, son of Mr and Mrs. George Steed of 287 Edwards St., is in "good" condition today at Marion General Hospital

The boy was playing with a "gun" made from the spoke of a bicycle wheel He made the weapon by filling the hollow end of the spoke with gunpowder and inserting a pellet inside The charge was set off with a lighted match.

The pellet failed to leave the gun when the powder was ignited, however and the weapon blew up Pieces of metal pierced the boy's left eye

Sheriff Glenn Obenour this morning issued a warning to other youths in the area that possession of gunpowder or dynamite is strictly against the law. Further, he said, youths "have no business" playing with explosive materials because of the extreme danger involved.

The Steed boy was hurt near the Evans Stone Quarry. He and two other 15-year-olds were playing there when the mishap occurred After the explosion the boy was rushed to the hospital by his father and the eye was removed by a surgeon.

Democrats Accused of Politics

GOP in House To Fight Bid for Income Tax Slash

WASHINGTON (AP)—The House Ways and Means Committee meets today to endorse a Democratic proposal for a $20-a-person income tax cut that probably will set off the first partisan clash over legislation in the new Congress

Although the committee's Democratic majority reportedly has promised to vote solidly for the plan the group invited Secretary of the Treasury Humphrey to testify in closed session in advance of the vote. Humphrey was expected to oppose both the timing and the method of the proposed cut

The plan is to add the income tax cut to an administration bill to continue present corporation and excise tax rates now due to drop April 1

Its final passage in that form would give President Eisenhower the choice of approving an estimated loss of $1 400 000,000 in income tax revenues or of losing three billions by vetoing the corporation and excise rate extensions at a time when he has said taxes must be kept at their present levels.

The tax cut plan, sponsored by Rep Mills (D-Ark) would give each taxpayer a $20 cut for himself and each of his dependents including his spouse, on income earned after next Jan 1

If finally adopted, the cuts would be reflected first in withholding tax deductions on the individual's first 1956 pay check. Those not subject to withholding taxes could make the deductions when they pay their taxes

Republicans called the Demo-

High temperature at the local weather station Sunday was 54 The forecast is rather cloudy and colder tonight and Tuesday with occasional snow flurries Low tonight is expected to be around 25

385 Reported Dead, Missing In Pacific Gale

TOKYO (AP)—A violent blizzard blasted the western Pacific from Formosa to the Kuriles today for the third day and left more than 385 persons dead or missing, most of them fishermen

In Manila American President Lines reported that the luxury liner President Cleveland went to the aid of the stricken Japanese steamship Midori Maru in the East China Sea

The liner, which stood by until relieved by the Orion Star radioed she would be 24 hours late on the trip from Japan to the Philippines The Midori Maru sent out an SOS yesterday reporting it had water in the fuel tank and was unable to proceed Aboard were 141 passengers and 25 crew members

Another interisland steamer, the Nanshui Maru with 171 aboard, was awaiting help from the U S seaplane tender Salisbury Sound which was sent out from Okinawa A Japanese freighter stood by.

Newspapers on Formosa reported three fishing boats capsized off southern Formosa yesterday but all crew members were rescued Eleven other fishing boats, with about 50 men aboard, were missing and feared lost.

All ferryboat service between Japan's main island Honshu and Hokkaido was suspended last night as mountainous seas lashed the Tsugaru Strait About 1 400 lives were lost Sept 26 when a typhoon struck a huge oceangoing ferryboat.

The storm was moving north.

3-Day Manhunt Over

New York Gunman Slain In Duel With 200 Police

NEW YORK (AP)—The long crime career of squint-eyed August Robles, sworn enemy of the law, ended in death yesterday after a blazing, 90-minute gun battle with police.

The pint-sized gunman had been the object of an intense, three-day manhunt in the city's Puerto Rican districts.

Police, rankled by the memory of his two escapes Friday, were determined to get their man.

The elusive desperado was at last tracked down in a third-floor tenement hideaway on 112th Street near Park Avenue

Two hundred policemen surrounded the shabby building and pumped machine-gun rifle and pistol bullets and tear gas into Robles' lair. He answered their

Report Slated Soon on Young Galion Slayer

BUCYRUS — Crawford County authorities said here today a report concerning Frederick W. Spears, 17, of Galion, confessed slayer of his sister, is expected sometime "around March 1" from Lima State Hospital authorities.

Spears was taken to the Lima hospital Jan. 28 for a 30-day observation period after he had pleaded innocent by reason of insanity to a second degree murder indictment returned against him by the grand jury.

Authorities have said prisoners taken to Lima for observation are always kept the full 30 days and, in some instances, are retained a few extra days.

Young Spears confessed the strangling of his sister, Patricia, 16, on Dec. 31, during a pillow fight in the family home in Galion. Her nude body was found the next day in a thicket near Galion by two young Crestline hunters. The confession was made to Sheriff Elwood Jacobs when the sheriff took the youth to a Galion funeral home to view his sister's body.

No motive was ever uncovered for the slaying and C. U. Ahl, Bucyrus, court-appointed counsel for the youth, told Common Pleas Judge John C. Carroll that he believed the youth was insane at the time of the act.

Judge Carroll has pointed out that if Spears is judged insane, he will be committed to an institution for treatment. If he is judged sane, he will be returned here to face trial. If institutional authorities decide at some later date he is sane, he then can be brought to trial, the judge said.

Maryland Police Hold 2 Ohioans for Auto Theft

HAGERSTOWN, Md. (AP) — Two Ohio men were held in $2,000 bond here today on auto theft charges.

State police listed the pair as Gary L. McAlinden, 20, of 3735 8th St. NW Canton, Ohio, and James E. Rawson, 27, of Toronto, Ohio.

The men were charged with taking a car owned by Marvin E. Clingerman of Hancock, Md.

State Trooper Clyde B. Tucker said Rawson was a hitchhiker McAlinden picked up in Alliance, Ohio. Tucker said a car taken in Canton was abandoned in Hancock.

Rural Area Rates Raised by Ohio Gas

BUCYRUS — A rate increase, amounting to 8 to 10 per cent, has been approved for about 50 rural cstomers in parts of Marion, Wyandot and Crawford Counties serviced by the Bucyrus office of the Ohio Fuel Gas Co., Joe Sherbundy, Bucyrus office manager, announced today.

The increase will cover about 600 customers in six counties and was approved Friday by the Ohio Public Utilities Commission in Columbus.

Sherbundy pointed out that the increase does not effect any gas users in cities in the three counties. It is expected to become effective in about 60 days.

Money wages received by the agevare Russian collective farm worker in a year are enough to buy about six pairs of men's shoes says the U. S. Information Agency.

Traffic Crashes Kill 12 in State Over Weekend

Rash of Other Mishaps Hikes Toll in Ohio to At Least 21 Fatalities

By The Associated Press

Twelve persons—five of them pedestrians—died in accidents on Ohio highways over the weekend.

In one auto-pedestrian fatality, a man and his 5-year-old daughter were killed. That was Friday night when Lee Stokes, 49, of Toledo and his daughter, Janice, were hit by a car while walking across Ohio 2.

In other accidents reported over the weekend, two men drowned when two cars plunged through the ice on Lake Erie while crossing to Middle Bass Island; a Lyndon youth and a Chillicothe girl died of carbon monoxide poisoning in a parked car near Lyndon, and two Cincinnati women in separate apartments were killed by fumes from a clogged gas heater in one of the apartments. The fumes apparently seeped into the second apartment.

Two persons died in fires.

Altogether, 21 deaths resulting from accidents were reported.

The dead:

FRIDAY NIGHT

Lee Stokes, 49, Toledo, and his daughter, Janice, 5, were struck and killed by a car while walking across Ohio 2, eight miles west of Toledo.

Mrs. Lyda Marsch, 74, West Portsmouth, was fatally injured when struck by a car shortly after she got off a bus on Ohio 73 in Portsmouth.

Mrs. Rose Levi, 74, was fatally burned in Cincinnati when her bed caught fire from the cigarette of an attendant who was changing Mrs. Levi's bed linens.

SATUEDAY

Van Stewart, 38, Columbus, was fatally injured in Columbus when struck by a railroad train.

John Reynolds Fleming Jr., 38, Bellefontaine, was killed when his auto left Ohio 69 two miles north of Lakeview, near Bellefontaine.

Noah Petrella, 28, Warren, was killed when his auto skidded on an icy hill on Ohio 169 just south of Warren and overturned several times.

Joyce Barnes, 6, Youngstown, was killed when struck by a steel truck.

John A. Kiester, 83, Ashtabula, died of suffocation when fire swept through his apartment.

Howard Boggs, 46, and his wife, Wilma, 45, of Rt. 2, Sciotoville, were killed when their car collided with a dump truck loaded with stone on Ohio 52 in Portsmouth.

William Otto Taubert, 61, Dunlap, Hamilton County, was killed when his auto hit a road sign and utility pole in Bevis.

Marshall Yoakum, 21, Lyndon, was found dead of carbon monoxide poisoning in his car on a side road near Lyndon. Miss Phyllis Pullock, 18, Chillicothe, found unconscious in the car, died Sunday in Chillicothe Hospital of carbon monoxide poisoning.

Bronston Lee Bradley, 36, Marion, Ind., was killed when his auto hit a pole on U.S. 27, northeast of Hamilton.

SUNDAY

Charles Schneider, 47, and John Kalcik, 27, both of Middle Bass Island, Lake Erie, drowned when their car broke through lake ice near the island.

Miss Clara Kirchner, 65, and Miss Mary Braun, 75, Cincinnati, were killed by fumes from a clogged gas heater in Miss Kirschner's first floor apartment, which apparently seeped into the Braun second-floor apartment.

An unidentified pedestrian was hit by a car and killed on U.S. 127 near Mount Healthy, Hamilton County.

Diego Cantu, 26, Grand Rapids, Wood County, was killed in a two-car crash on a county road north of U.S. 24.

Air Chiefs Confer

TAIPEI (AP)—Brig. Gen. Harold W. Grant, commander of the U.S. air task force in Formosa, returned yesterday after a week's visit to Japan, where he conferred with Gen. Earle E. Patridge, commander of the Far East Air Forces.

FOUNDRY STRIKE SETTLED

CINCINNATI (AP)—Strikes against 22 foundries in Cincinnati, Hamilton and Dayton were over today as 1,800 molders and foundry workers voted to accept a six-cent an hour pay increase. That was the amount the AFL union sought from the Miami Valley Foundrymen's Assn. when it called the walkout last Tuesday. The management group had offered four cents an hour. Foundrymen had been making $1.49 an hour and molders $2.04. The pay pattern established by the management-union contract, which runs for two years, usually is followed by independent foundries in the area.

Savings Bond Quota Is Down

Marion County Goal Placed at $1,918,000

The savings bond quota in Marion County is down by a little over $100,000 from last year's quota, Robert E. White chairman of the Marion County savings bond committee, announced today.

This year's quota for Series E and H bonds is $1,918,000. Last year, the quota was $2,060,400 and the county attained 78.6 per cent of its quota. Quotas over the rest of the state and the country are higher this year than last.

Ohio quotas call for the purchase of $369,100,000 in E and H Savings Bonds. The quota last year was $343,400,000 for the state.

This year's quota for the country is five and one-half billion dollars. Purchases last year amounted to $4,889,119,000, the largest volume of sales in the country since 1945.

CRAWFORD REACHES GOAL

BUCYRUS — J. M. Turney, Farm Bureau, announced today that Crawford County is the first county in the northwest region to reach its membership goal. Last year Crawford County was first in what was then district two. The northwest region consists of 20 counties in the northwestern part of the state.

ICE CLOGS RIVER

CLEVELAND (AP) — Residents of low-lying areas in suburban Eastlake were alerted for possible evacuation last night while a Coast Guard cutter worked at battering away an ice bridge off the mouth of the Chagrin River. Ice, piling up in large windrows on a sandbar, threatened to act as a dam on the river. Mayor John M. Barrett feared melting snow in the Upper Chagrin harbor might cause the river to overflow onto a low-lying triangle of land about its delta.

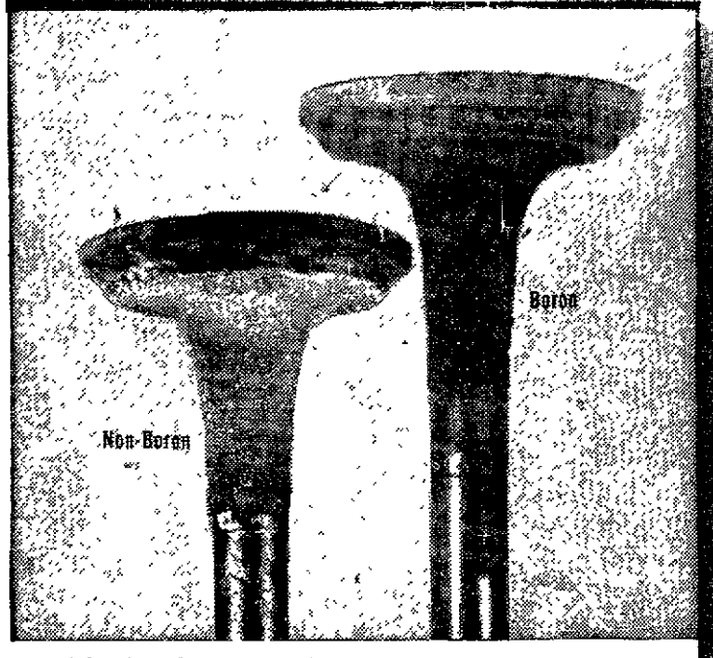
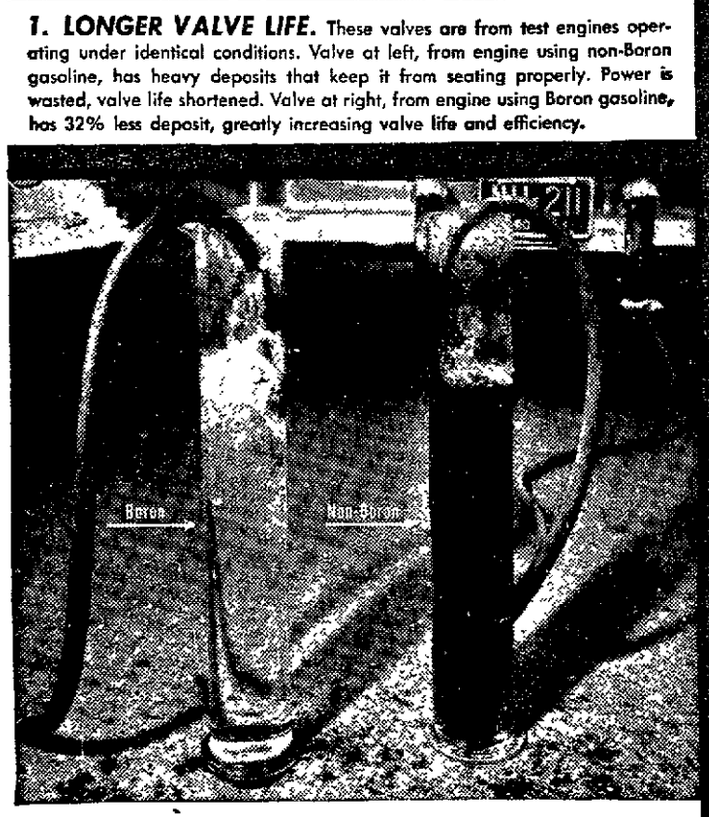
All this and Immediate Improvement, too
with the world's first Boron gasoline

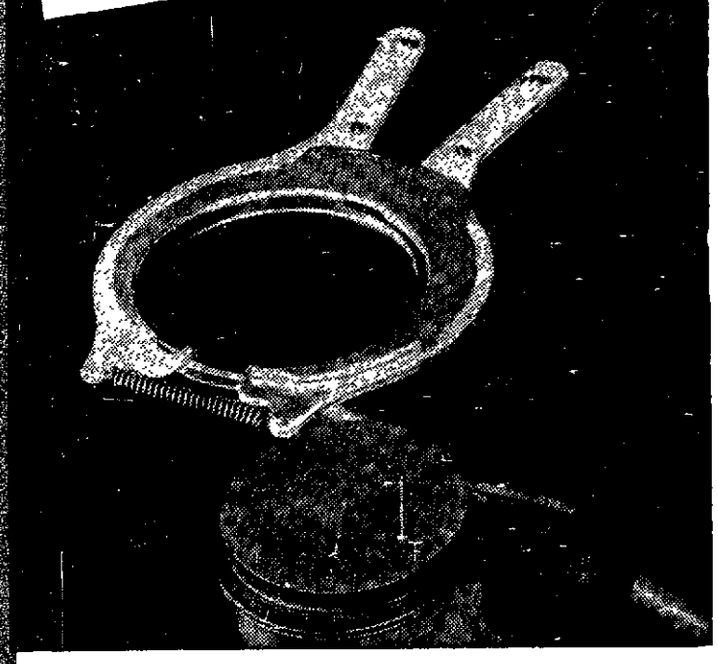
Hundreds of thousands of Ohio drivers have experienced immediate improvement in engine performance with Sohio Boron Supreme. But this new motor fuel discovery has important engine condition benefits, too. Thousands of tests show that Boron Supreme saves the health of your engine and stretches the life of its parts.



1. LONGER VALVE LIFE. These valves are from test engines operating under identical conditions. Valve at left, from engine using non-Boron gasoline, has heavy deposits that keep it from seating properly. Power is wasted, valve life shortened. Valve at right, from engine using Boron gasoline, has 32% less deposit, greatly increasing valve life and efficiency.



3. LESS ENGINE ACID. Less engine acid is produced with Boron gasoline because of the new basic formula. This difference can be shown quickly by the exhaust fumes acid indicator test, above.



2. RING WEAR CUT 45%. This radioactive piston ring test is one of the most accurate methods known of measuring the effect of gasolines on ring wear. Test after test reveals 45% less piston ring wear with Sohio Boron Supreme.

The Living Standard Battle

Extension of the Reciprocal Trade Agreement Act is blowing up the first big storm of the 84th Congress

Early tests in the House indicate President Eisenhower's foreign trade program is in grave jeopardy and may be subjected to some modifying amendments to make it more palatable to members whose constituents are most directly affected

Rep Frank T Bow of Canton bombarded the program Friday with a charge of unconstitutionality in announcing his flat opposition to the resolution He said

"It is in my opinion a violation of the Constitution for Congress to delegate this authority to another branch of the government or individual

'The grant of authority to the President to establish the conditions of international trade is wrong because it seeks to make it an appendage of the political relationships between countries, and it gives diplomats life and death control over American industries and jobs while they pursue what to them are more important questions of national advantage"

Bow's opposition has aggressive support from Republicans and Democrats alike in areas where industries are most likely to be adversely affected by the act Most Ohioans, for example, are in his corner.

There is something to be said, of course, for the administration's program Its supporters contend that while it may work hardships on certain industries in various parts of the country, the over-all advantage to the political and economic welfare of the country far outweighs the disadvantages.

On the other hand, it is quite understandable that congressmen from areas in which industries will most heavily feel the inroads of foreign competition cannot stand idly by and preside over the economic destruction of their communities

It boils down to a problem of comparative economics Advocates of a reasonable protective tariff are not willing to build up the living standards of foreign countries by tearing America's down

Robot With Conscience

The invention of a machine which is capable of producing any sound or combination of sounds may have brought immeasureably closer that fanciful day when robots are the equal or masters of us all

Already it has been pointed out that the so-called electronic music synthesizer could be used to reproduce the sound of a world leader's voice over the radio and thus possibly mislead a nation into extinction

But this circumstance presumably would leave some of mankind upon the earth and the entire race would not be forever lost What has occurred to us is the soul-shattering prospect of the machine being utilized to destroy or enslave the whole of mankind

Consider for a moment the giant strides of science in the last decade or two

First of all there is the mechanical brain which beggars the power of the human mind in the field of mathematics This device in a few minutes or so produces the answers to problems which used to take umpsteen scholars months or years to figure out

Next take the atomic bomb, or its successor, whatever that awesome killer might be We all know enough about the dangers this holds for the continued existence of the human race

Finally, we must admit the day cannot be far off when our scientists, of course with the best of intentions, find a way to connect the operations of the mechanical brain, the synthetic voice and atomic power Such a contemplation staggers human comprehension, which is puny in comparison to the prospect

Instead of rushing headlong into the creation of such a monster, it would seem the scientists should concentrate every available resource on producing a conscience for their brainchild. This might be our only hope

Boys in Blue

Cleveland is the latest city to rediscover the usefulness of policemen walking a beat Police Chief Frank W. Story, reporting on an experiment with this old-fashioned method of keeping things under control, says a 25-man patrol in one particularly bad neighborhood virtually eliminated crime from the day the experiment began.

It is assumed the Cleveland chief ordered it to begin after reading about the sensational results of a far larger experiment in a crime-ridden New York City district late last year. For the first time in years New Yorkers are able to see some hope for reducing a crime rate that apparently was going to keep increasing until the city was taken over by its lawless elements. All they need is policemen walking beats, the way they always did before the automobile era.

Every city with a crime problem now has a potential solution It can put enough "boys in blue" into its worst neighborhoods to let hoodlums know what a policeman on foot looks like and what personal police vigilance feels like after a generation of thinking of policemen as strangers who ride by in automobiles and are quickly out of sight and out of mind.

Highways and Schools

By Raymond Moley

Ike's Proposals Continue New Deal Trend

The President despite frequent avowals that he intended to restore the constitutional balance between the federal government and the states has proposed two immense invasions of local and state responsibility, highways and schools Both his announced school program and the report of his Clay commission have recommended great additions to the amount now granted by the federal government to the states

The steady march upward of federal grants - in - aid is a most graphic picture of the decay of our federal system of government At the turn of the century only 3 million dollars was paid from federal funds to the states In 1912 the sum was 5¼ million dollars in 1920 22 million Under the federalist policies of FDR the sum jumped to 836½ million By the end of the war that sum had doubled

In the last fiscal year 1953 for which Truman was responsible the federal government gave the states 2¾ billion dollars Under Eisenhower who promised to halt the invasion of the states the expenditures and estimates for 1954 1955 and 1956 are according to his budget 2½ billion dollars 3¼ billion and 3½ billion The school and highway programs if enacted will perhaps by 1960 double the last Truman figure

I have examined the Clay report on highways and the various documents on the school program issued by Secretary Oveta Culp Hobby and Education Commissioner Samuel M Brownell and nowhere do I find a truly scientific determination of what the states need to meet vitally necessary building

Indeed the Clay report has a hit or miss arrangement of the statistics on fatal accidents It can be just as easily shown and with more devotion to the true situation than the figures of fatal accidents show that the states are doing a fine job in reducing highway slaughter

The Hobby - Brownell plea is based upon figures taken from the census and apparently from the school authorities in the various states There is no evidence that these federal people have gone behind such easily available sources

It is obvious that schools need to be built and within some limits the number can be determined But no evidence is shown to indicate how much each of the states and local communities can or cannot afford to build for themselves

There is a good deal of talk about "debt limits" I take this to mean that when local communities are restricted by state law the federal government must jump in with money to help Why cannot the states by amendment to their laws and constitutions expand those limits?

When the late Beaufort Jester was governor of Texas there was passed what is known as the Gilmer-Aikin law I am not entirely clear about its details but Gov Jester told me at the time that it embodied a scientific formula to determine what a county could afford to contribute and what the state would have to grant for local purposes In short an economic formula was devised to measure capacity to pay

It seems to me that with all of the economic genii who are wandering around Washington enjoying federal salaries some such formula could be devised to determine what a state can afford in meeting its needs and what it cannot afford

Only with such a yardstick can it be determined how much federal aid is needed by each state concerned Under present conditions the matter becomes a free - for-all grab with plenty of log rolling among the senators and congressmen from the various states

These federal economists claim to be "scientists" but apparently they are unable to solve even this rather simple problem

From the Inside Out

By TRUMAN TWILL

This column will be suspended for a few days while its conductor conducts an overdue personal survey of modern medical and hospital practices. The survey is involuntary.

It will be the third in a series that began in the mid-twenties The second was made 25 years later. Both previous surveys were successful, leaving nothing to be desired

The nurses were pleasantly assorted, some young, some not so young, some pretty and some not so pretty, but all of them agreeable and efficient The medicos knew their business The food was up to par. Recovery in both instances was speedy.

Best of all, there was the camaraderie that always seems to go along with hospitals that are run on a happy-ship basis, to borrow a Navy expression

If that can be rediscovered and shared this time, the third hospital experience will be as easy to take as the previous two

This is the spirit that saves hospitals from being as hard to bear once you get into them as the thought of going into them is when the bad news pops It is compounded of equal parts of good humor, compassion and the sense of security that come from being part of a complex organization handling one of the trickiest undertakings men have dared to tackle — the humanitarian care of people who are under the weather. It's still a comparatively new idea under the sun — this humanitarian care

Things can go wrong in hospitals, the same as they can go wrong everywhere else But the miraculous thing about them is that dealing with people who wouldn't be there if something hadn't gone wrong the hospitals succeed in making so many things go right Unfortunately, their successes get less attention than their occasional fumbles

The permissible margin of error in hospitals and in the medical profession is narrower than it is in all but a few of the activities outside hospitals and the medical profession.

Anyway, that's the background for the third involuntary survey of the hospital system from the inside out The boys and girls in white and blue will have a cooperative patient All they have to do is be sympathetic

If they get real sympathetic, they will hear about the time the dietitian sent up three orders of beefsteak for three patients on the same floor and the fellow whose appendix had been jerked out only three days before ate the whole order by himself

Everybody hung around and looked anxious for a couple of hours, but shucks It was nothing

They will get an earful about the cute nurse who had her patient hanging on the bedposts with her charms until she showed up one day dressed for the street All of a sudden, the gal didn't have anything She should have stuck to her uniform

Everyone who has been in a hospital is full of such stories, they are part of the small talk of the American people Like that Irish gal who had been an Army nurse and could flip Yours Truly like a pancake and change the sheets before the body descended

And do the young nurses still purse their lips and wrinkle their foreheads when they jab home the junk with a clunk? Watch this space closely for results of this column's survey of modern hospital practices If nothing appears after six months quit watching

George's Voice Most Powerful in Senate

By Martin S. Hayden

The venerable Walter Franklin George seems to prove a paradox—that as senatorial togas get older they become more durable

At 77—and after 33 Senate years—George of Georgia is not just the senior member of the US Senate He is also the most powerful single man in Congress

As the Senate's president pro tempore, he holds titular rank over all his colleagues

As the Foreign Relations Committee chairman he has three times demonstrated in recent weeks that his is the strongest foreign affairs voice Capitol Hill has heard since the passing of Michigan's Vandenberg

As the senior member and ex-chairman of the Senate Finance Committee, his is the single vote most likely to make or break a tax bill

And in almost every other field of legislative business — from reciprocal trade to the slapping down of Joe McCarthy — one question dominates among predebate dopesters 'Where does Walter George stand?

It wasn't always so with the big slow - moving gray haired man whose ponderous voice echoes a political era when statesmen needed no mechanical microphones to make themselves heard by a crowd.

- -

GEORGE ENTERED the Senate in 1922 as an avowed conservative supported by businessmen, the power interests and Georgia's "drys" As those groups thought, so did George vote It might have been unfair to state (as some did) that George lacked political courage Certainly he was troubled by "indecision" when Georgia, like other Southern States in the 1930's, split between those who went New Deal and those who stuck with the interests and traditions of the old Dixie

During a period of wavering, Reconstruction Act (NRA) and the Agricultural Adjustment Act (AAA) but opposed investigations of private power and the death-sentence act on public utility holding companies He was for" the Tennessee Valley Authority the Wagner Act and Social Security but 'against the Guffey coal control bill Civil Rights legislation and anything else pictured as an invasion of 'states' rights"

The 'break" with Franklin Roosevelt came on the Supreme Court packing plan When the President suffered there his first major congressional beating, he put George at the top of his list of un - reconstructed Democrats who had to be "purged' in retaliation. The President made his decision known on a Georgia campaign platform

- -

AFTER ENDORSING George's opponent Lawrence S Camp he turned to the senator on the other side of the platform and said with a Roosevelt grin

"God bless you Walter May we always be friends"

George rose solemnly shook the President's hand and boomed out 'I regret that you have taken this occasion to question my Democracy and to attack my public record But I want you to know that I accept the challenge"

In a campaign marked by brass-knuckle tactics and undisguised play by the contenders for racial voting, George swept the field Under Georgia's archaic "county unit" system he got more than a majority of the whole unit count while Gov Talmadge ran second and New Dealer Camp a bad third with less than one-quarter of the popular vote

From then on no one accused George of being a 'Roosevelt Man' In 1940 his seniority gave him the Foreign Relations chairmanship and a year later he gave it up to take the Finance Committee chairmanship If they did not actually suggest the change, business interests were pleased by the move that put a man they trusted in the tax-writing post that would have otherwise gone to the less-predictable Tom Connally

When the Democrats took over Congress last month George returned to the Foreign Relations chairmanship, leaving another "sound tax policy' man, Sen Byrd, in charge of finance

In five weeks he pushed through lop - sided Senate confirmations of three historic measures sought by the Eisenhower administration The resolution authorizing the President to fight for Formosa and "related Regions," passed by an 85-3 vote the Southeast Asian Defense Treaty, (SEATO) approved 82 to 1 and the defense treaty with Nationalist China, which passed 64 to 6

- -

URGING THE controversial authorization for use of American men in the defense of Chiang Kai shek's Formosa, George, who lost a son in World War II combat, hit a new high of bipartisanship

'I believe' he said 'that President Eisenhower is a prudent man I believe he is dedicated to a peaceful world I believe what he says and I am willing to act upon it"

By the time George was finished a retreat had begun by big-name Democratic senators who, until the old man had his say, were talking of amendments that would have limited the President's freedom of action George passed them off as 'trifling" and told his colleagues to stop talking so the world might know of America's bipartisan unity

When George's three-roll-call job was done, Republican State Department officials hailed it as "the hardest blow yet struck' at world Communists who would picture America as a 'divided nation"

In the Senate there is speculation about how long George will be around to run the show Some say that, come 1956, he must either retire or be beaten by the established political power of Georgia's ex - governor, Herman Talmadge

Others take a different view. Talmadge they agree, is the "Boss" of Georgia, but Walter George had lived to become a legend and legends are hard to beat in politics

Reserve Program in Doubt

By JAMES FREE

The odds are against Congress passing the new armed forces reserve program in its present form

The House Armed Services subcommittee has just opened hearings on the administration plan and it will take a brand of salesmanship far better than the Defense Department has shown so far to change the congressional attitude toward the reserve

The Pentagon and the White House have an excellent case Never has the country had greater need of a strong ready-to-go reserve Without such a support element the regular services would have to be kept at a strength far more than the long-range figure of 2 850 000 now planned

But the Congress and the public are yet to be convinced on two major points

1 That no group or class of young men will be favored This applies not only to length of active duty training service but to service required in the part-time reserve or national guard It applied, too, to prospect of active duty deferment

2 That the new training program really will result in a 'ready" reserve fully prepared to back up regular forces on short notice

Several weeks of testimony is yet to be presented to the House subcommittee And the array of data and witnesses ought to be impressive, for the plan has been nearly two years in the making

Yet several events of late tend to point up the fact that many top Pentagon officials still do not realize the great size of the 'selling job that must be done on this reserve program

Just the other day a high Navy spokesman said the Navy does not plan to use the compulsory features of the new program that it proposes to continue to rely on a volunteer reserve The Air Force had made a similar statement earlier

At first blush this sounds fine But where does it leave the Army, and the Marines? And what does it do to chances of congressional approval of provisions to make service in the reserve or guard compulsory?

Is the proposed new 6-month training program to provide manpower only for the Army and Marine reserves and for the Army National Guard? However it is done and for whatever reason, will it not mean that one young man must serve only six months on active duty training while his neighbor has to serve 24 months?

Of course, the 6 month trainees would have a longer period of obligation for later reserve service than would those who put in 24 months or more of active duty But the importance of such reserve service has not been emphasized in the past as defense planners are trying to do now

Then too many who favor a more effective reserve think the new program does not go far enough The Reserve Officers Association for example, says the new program takes too many years to do too little ROA advocates a most costly more intensive crash plan' that would give ready reservists more field and fleet training

Even as the Defense Department gets down to presenting its arguments in detail, it is clear that the future of the reserve program is in doubt The Pentagon will need all the help it can get from the commander in-chief on this one

Hot Toddy

Mike Todd is doing Tolstoy's "War and Peace" in Yugoslavia and has persuaded Tito to lend him his armies . This is the first time a nation has fallen for the "I can get you into pictures' proposition If Yugoslavia makes good, there is no telling how many countries may go Hollywood . It is quite a trick to locate a country not using its army these days, and it could get both Todd and Tito the Nobel Peace Award

-.-

Todd would make a better movie than Tolstoy There is drama in him Mike first got into prominence in New York when he showed up at the Flushing World Fair with a minor midway attraction some 15 years ago.

But few of the exposition attractions or figures went farther faster

Looking back on it we can remember only Todd the Trylon the Perisphere and the Futurama with Todd out ahead

No sooner had the World's Fair closed than Mike who had come east from California, jumped into the Broadway picture and was put in a musical called 'Star and Garter" following it swiftly with other hits both in the musical and dramatic fields He was a colorful likeable youth who made and lost fortunes, doing both with a smile There was never any telling what Mike would do next, which was to see instantly the possibilities of 3-D pictures and get the patents on a system called the 'Todd AO' chosen above all others for the Hollywood version of 'Oklahoma" . . . Mike has refused millions for his rights.

- -

Tito's armies will get the Todd-AO treatment, too and we think the Rockefellers may yet be borrowing money from him He is still a pretty young man, with the looks and gusto of a college freshman . . . People have asked why he isn't doing the great Russian drama in Russia and Mike answers, with a Toddian smile 'Because it will mean a seven-million-dollar investment and I want to be sure I GET THE FILMS OUT of the country"

He is too smart to take an outside chance that the Soviet rulers might claim to have invented the movies, invented Todd-AO and even invented Todd, holding all three for ransom. . . . There's no limit to the man's cleverness and we think he could even borrow an Irish Army to do a picture called 'Churchill's Escape From Pretoria'

Joe Smoot, who died penniless at Las Vegas this week, first caught the dream of a big-league race track at Miami and created Hialeah . . . He was away ahead of his time.

It is a sad commentary on Brotherhood Week that a good many people are so busy with atomic bomb experiments that they can't participate.

'He isn't here" was said so often during the nominations of the Hollywood National Academy of Awards telecast that the program could have been billed as the Missing Persons Hour.

We expected an announcer to say "If anybody named shows up I'll let you know"

Would you say Jackie Gleason is playing "to the calories" His weekly weigh-in is already a program feature of the "aweigh" we go show

University of California chemists have developed a dehydrated steak which can be kept on an open shelf for two years. . . . When you want it you soak it in water Okay, but we prefer our steaks under conditions when they can never be confused with a rock or a sponge.

- -

Insurance companies in some states are making big cuts in auto insurance for women under 25, holding that they are safer drivers than men, boys or older women . . . Maybe so but, when we see a sweetiepie coming down the road at the wheel we slow up get out the parachute and give her plenty of room

Drive Started To Buy Polio Victim an Electric Car

Hand-Run Vehicle, Used Thirty Years by Man, Now Wearing Out

Thirty years is a long time for one "car" to serve as a man's only means of transportation.

Over the years, the tires wear thin and repair parts become next to impossible to obtain, whether the car is motor or "muscle" driven.

This happened to the hand-car of a 47-year-old man who has been a familiar sight in Marion for many years propelling his four-wheeled vehicle along city streets.

He is Ralph Watts of 649 N. Prospect St. and the wearing out of his "one-man power" car could make his already difficult life even more so, were it not for an interested group of north end residents.

CRIPPLED BY an attack of polio when but five months old, Ralph has long depended on the device both as his only means of traveling about town and as a source of income.

Traveling to the bus and train depots, downtown and elsewhere, he sells candy bars, razor blades, chewing gum, comic books, magazines and all sorts of odds and ends as his only source of income.

Built in Elyria in 1924, the machine weighs approximately 125 pounds and is propelled by pushing a long lever back and forth.

Recently, the effort needed to propel the machine forward has become almost more than Ralph can put forth.

One day last fall, after a tiring journey to a frozen confection stand on N. Main St., Ralph told Finley P. Drury that he "wished" he had one of the electric-driven cars like the one he had seen Arthur Godfrey using on his television show.

From his chance remark a committee was eventually formed for the purpose of soliciting funds from Marionites for the purchase of a similar car for Ralph.

A LETTER was sent out to some 1,500 persons living in the northern section of the city, telling Ralph's story briefly and asking for donations to be used to buy an electric car for him. It was signed by committee members Leo Belknap, Drury, William T. McAndrew and Marion Municipal Judge W. Dexter Hazen.

These committee members are accepting contributions.

Up to Friday a total of some $300 had been received from this first appeal. Total cost of the car is $700 including freight.

Drury said that with contributions coming in rather slow from the north-end residents, plans now are to send out additional letters to other parts of town. This mailing will likely go out the first of the week, he said.

BORN IN PROSPECT in 1907, Ralph has lived most of his life in Marion.

After his father died his mother remarried and became Mrs. Ray Freeman. Ralph continued to live with her and his stepfather until his stepfather also died after which he and his mother lived alone until she died about three years ago.

Since then Ralph has lived alone in the house at 649 N. Prospect St. which is now owned by his aunt, Mrs. William Llewellyn of 233 Spencer St. Mrs. Llewellyn and his cousin, Mrs. Darl H. Gatchell of 153 Spencer St., come to the house regularly to bring Ralph his meals and take care of his other needs.

For entertainment to while away his time, Ralph has a TV set. Alone in the house he makes his way around by crawling. When visitors are there, they give him a lift from one place to another. He weighs a scant 115 pounds.

RALPH WATTS, a familiar figure in Marion, is shown here with his now worn out hand-car which he has used as his only means of transportation for some 30 years. Inspecting the vehicle is Finley P. Drury, chairman of a committee soliciting funds to purchase Ralph a new electric-powered car similar to the one used by Arthur Godfrey following a hip operation.

MR. AND MRS. EDWARD SAWYER of 338 Powhattan St. are announcing the engagement and approaching marriage of their daughter, Sandra Sue, to August A. Longo of Philadelphia. He is the son of Mrs. Greta Simpson of Collingswood, N. J.

The bride-elect, a graduate of Harding High School in 1954, is with the American Telephone & Telegraph Co. in Philadelphia where she makes her home at the YWCA.

Directories of the church were distributed and a vote of thanks was extended to the committee for its work.

Refreshments were served in keeping with Washington's birthday by the hostesses, Mrs. Hazel Hufford, Mrs. Lucy Chapman and Mrs. Lena Wallace. A contest, conducted by Mrs. Clara DeLauder, was won by Mrs. Ruth Brown. Mrs. John Scarle and sons, Steven and Scott, were guests.

Couple in East Toledo Is Found Dead in Home

BOWLING GREEN, Ohio (AP)—Charles Edward Zattau, 55, was found dead in the bedroom of his home at East Toledo last night, a .32 caliber revolver clutched in one hand. His bride of a few months, Lucille, 33, was found dead in the kitchen, with bullet holes in her head and chest

Wood County Deputy Sheriff Cloyce McGiffin said Zattau, a foreman at a Toledo factory, and Mrs. Zattau were married just before Christmas. McGiffin and Chief Deputy Earl Rife said they believed the two had been dead "more than 4 hours."

Federation Clubwomen Hold Party

A social afternoon supplanted club programs for members of the Marion County Federation of Women's Clubs Friday afternoon in the club home. The occasion was the mid-winter party planned by the finance committee and board of trustees.

Open to all clubwomen who also were privileged to bring guests, it was the first event of its kind to be sponsored by the Federation. Luncheon was served from 12 o'clock until 1:30 and while some whose duties called them elsewhere, attended only the luncheon, many remained for a social afternoon. Luncheon was served to 80 from an attractively decorated table in the dining room and small tables throughout the rooms provided an opportunity for sociability and a "get-acquainted" hour.

On the committee were Mrs. J. Edwin Probst, Mrs. William H. Pohler Jr., Mrs. William Thomas, Mrs Charles Ellery, Mrs. Rex Robinson, Mrs. Paul Bachman and Mrs. Ralph Epley.

Proclaimed an enjoyable event by the guests and a success by the committee, tentative plans are to hold one or more similar parties during the remainder of the club season.

BAKERY DRIVERS STRIKE

CINCINNATI (AP) — AFL bakery drivers who want to work five days a week instead of six were on strike today against 10 Greater Cincinnati area wholesale bakeries The Bakers Club of Cincinnati said a change from the present six day a week schedule would be economically unfeasible Another 1 200 AFL bakery workers were affected by the strike However housewives could get bread and other bakery products at chain stores which maintain their own bakeries These bakeries have separate agreements with the AFL Teamsters Union

Doctor Reports New Treatment For Leukemia

TORONTO, Ont (AP) — A cancer research team at St Michael s Hospital believes it has developed a successful method of attacking leukemia, a fatal blood cancer

Treatment of leukemia victims in the hospital's wards has proved the treatments to be 'very satisfactory," Dr Charles Bardawill director of the project, told reporters

The method of treatment cannot be completely tested authorities say, because of the rarity of a growth hormone used in the treatment The hormone is extracted from the pituitary glands of hogs sheep and horses

During a 10-day course of treatment, however, usual tests for leukemia are reported to have shown a trend toward recovery of the patients

Bardawill s method of treatment includes injection of the growth hormone into a patient's veins to correct the normal body supply of alkaline phosphate thrown out of balance by leukemia

In this way the treatment differs from standard methods which attempt to destroy by radium or X-ray white blood cells produced uncontrollably by leukemia victims Bardawill's method destroys no cells but tries to restore body processes to their normal functions

Teachers Tour Marion Plants For 'BIE Day'

Estimated 360 Watch Factory Operations in Educational Program

Some 360 teachers from the Marion city and St. Mary Schools today toured industrial plants and business places in Marion County to gain additional first-hand knowledge of the workings of the local industries.

Sponsored by the Industrial Leaders' Conference, the tours are part of the annual Business, Industry and Education Day for Marion teachers.

The program began at 9 o'clock this morning as the teachers, previously assigned to their respective tours, met at the first plant on their itinerary.

Schools Closed

City schools were closed today so the teachers could make the trip, and wil lbe closed again Tuesday in observance of Washington's birthday.

At noon, the teachers met as a group at Harding High School where they had lunch in the school cafeteria. Don Grace, advertising manager of the Marion Star, served as toastmaster. Included among those scheduled to speak at the dinner were Odell Thompson, vice president of the Chamber of Commerce; C. L. Baxter, chairman of the Manufacturers' Council; Robert S. Brown, superintendent of Marion city schools; Very Rev. William J. Spickerman, pastor of St. Mary Church; and Frank Bartos, chairman of the Industrial Leaders' Conference.

Plants on Tours

Plants included on the tour were Fairfield Engineering Co., Marion Power Shovel Co., Tecumseh Products Co., B. F. Goodrich Co., Eaton Manufacturing Co., Huber Manufacturing Co., The Osgood Co., The Marion Star, General Telephone Co., Arro Expansion Bolt Co., and McMillen Feed Mills Inc.

Officials of the various plants were on hand to guide the teachers through the plants and explain the various phases of operations. Teachers from the high schools, grade schools and junior high schools all participated in the tour.

The BIE day for seniors in the high schools will be held next month.

The tour today meant a two-day holiday for students in the schools affected. Classes were not held today and will not be held Tuesday in observance of George Washington's birthday.

cratic proposal "a political move" and termed it "absolutely irresponsible."

House Speaker Rayburn of Texas announced after a Democratic strategy meeting Saturday that the committee's Democratic majority would support the tax extension proposal but would tack on the tax-cutting amendment.

The bill and the amendment may reach the House floor Thursday. A key Democrat, who declined to be identified, said there is "no question" the tax-cutting amendment will pass the House and perhaps the Senate later.

But Sen. Byrd (D-Va) chairman of the Senate Finance Committee which would consider it, promptly announced that he opposed this or any other tax reduction until the federal budget is balanced.

The main bill would postpone for one more year these tax cuts which otherwise become effective April 1:

A reduction from 52 to 47 per cent in the corporation income tax rate, totaling about two billion dollars annually.

Various cuts in excise taxes, worth about one billion dollars a year, on automobiles, gasoline, cigarettes, liquor, beer and wine.

Weather Report

Cloudy and colder tonight and Tuesday, with occasional snow likely southeast portion and a few snow flurries near Lake Erie. Low tonight 20-25.

Pleasant School Student Takes First Place in Test for Seniors

Eugene L. Arnold of Pleasant School was the top student in the county in the recent senior scholarship tests given students of city, county and parochial schools.

With a mark of 212, Arnold was three points higher than second-place finisher, Martha Ann Clark of Caledonia, the State Department of Education reported today.

Students from Harding High School took third, fourth, fifth and sixth places. Third was Sally Linn Waddell; fourth was Judy Ann Street; fifth was Walter I. Rissler; and sixth was Jim Louis Alex.

Tie for Sixth

Tied for sixth with Alex was James William Chapman of Caledonia. Both scored 188 points in the examination. In eighth place was Harry Lee Stansbery of Claridon. D. David Moyer of Pleasant School was ninth and Shirley M. Heigle of Harding was 10th.

About 135 students took the examinations last month at Harding High School. The State Board of Education will forward the results of the tests to colleges to which the students indicate they wish to go for possible consideration for scholarships.

Besides the top 10 students in the county, the state board also gave honorable mention to 23 others who were in the top 25 per cent of the county.

From Harding there were Connie Bartram, Carol Sue Keck, Sally Irene Schneider, Carol Ann Greenbaum, Henry Joseph Rinnert, Norman T. Schnelker, Cynthia Ann Moore and Susan Foreman.

Receiving honorable mention from St. Mary School was David C. Kraft. LaRue students who were mentioned were Marilyn Jean Seiler, Linda S. Boyd and Sue Brashear.

Jeannine Parker and John Allen Forry placed high from Morral School while Alice Ruth Patterson of Claridon School also received honorable mention.

Jim F. Ulsh, Robert Allen Hill and Joyce Benge of Caledonia were among the top 25 per cent as were Robert P. Taylor, Darlene Miller and Charles Dennison of Pleasant School.

In the upper bracket from New Bloomington were James Low Withrow while Martin Jay Augenstein of Waldo also was included in the top 25 per cent.

Traffic Cases In City Court

Sixteen drivers were assessed a total of $320 in fines and bond forfeitures on traffic charges in Marion Municipal Court Saturday.

Largest penalty went to Ivan P. Foust, 32, of near Cardington on a charge of drunken driving. He was fined $100 and costs, sentenced to five days in jail and his driver's license was suspended for three years.

Another driver was sentenced to 10 days in jail and fined $100 and costs on one charge and given a suspended $15 and costs fine on another charge. He was S. D. Taylor, 21, of 230 Jefferson St. He was charged with having fictitious license tags on his car and with driving while his license to drive was under revocation. The jail term and $100 fine were assessed on the second charge.

Two drivers each forfeited $35 bonds when they failed to appear for hearings. They were K. R. Jacobs, 20, of Nevada, reckless driving; and J. E. DeJarnette, 28, of Franklin, fictitious license plates.

Each of the remaining 12 drivers was fined $15 and costs and some of the fines and costs were suspended by Acting Municipal Court Judge Paul D. Michel. The charges and drivers were:

Illegal parking on highway: John J. Richards of near Prospect; J. D. Davenport, 34, of near Clyde, fine and costs suspended; and J. E. Smith, 23, of 889 E. Adams St., fine and costs suspended.

Unsafe driving: K. R. Jacobs, 20, of Nevada and V. G. Colsante of Columbus.

Following too closely: Luther Jefferson, 27, of Columbus.

Speeding: George W. Fulcher of 486 W. Center St., fine and costs suspended.

Miscellaneous: Evelyn J. Mullholland of Bloomville, driving left of center, fine and costs suspended; Norma J. Beal, of 236 Orchard St., driving with expired driver's license, fine and costs suspended; V. W. Miller, 35, of 412½ Silver St., failure to register motor vehicle and no driver's license, fine and costs suspended; R. G. Eaches, 30, of 389 Milburn Ave., no driver's license, fine and costs suspended; and J. B. Haines, 30, of Richwood, no safety chains, fine and costs suspended.

United Appeals Trustees Will Join Drive Meeting

Trustees of the United Appeals of Marion County have been invited to join the recently-formed campaign planning committee in a meeting at 8 p.m. Tuesday in the Community Foundation offices at 149 S. Main St.

Methods employed in fund-raising will be discussed with the trustees and committee by Harry August of Ketchum, Inc., of Pittsburgh, and Glenn Wood of the American City Bureau of Chicago, fund-raising specialists.

Miami Firing City Official Short $46,000

MIAMI, Fla. (AP)—A city of Miami accountant who police said admitted juggling the city's money to cover his shortage of more than $46,000 will be fired today, Asst. City Manager Ray Williams said.

The accountant, George N. Parks, 34, was arrested yesterday and questioned about the shortage. Detective Charles Papy said he admitted he used the money for "high living"

Parks, a Miami employe eight years, handled cash which the city collected from bad checks. City Auditor W. W. Culbertson quote: Parks as saying the most he ever took at one time was $2,000.

"But his method was such that his books always balanced," Culbertson added.

The accountant made $449 a month. He was divorced and lived alone.

"Apparently he spent everything," the assistant city manager said "He said he didn't have a dime in his pocket, although he was paid Friday, and less than $10 each in two bank accounts."

Burglaries

(Continued From Page 1)

was taken from a cash box in the principal's office. The burglary was noticed by the school custodian, Kester Rice, about 8 a.m. Saturday.

Door Glass Broken

No clue as to how entrance was made to the building itself was found, but deputies found the principal's office door window had been broken open.

The cash box was located in the desk in the office. A storeroom connected to the office, also had been entered but apparently nothing was taken.

Deputies said the methods used in the two different burglaries varied so much as to rule out the probability that they were committed by the same persons.

Attempted Break-in

Deputies also received a report of an attempted break-in of the residence of Clyde Vance at the Keytown Trailer Camp on Route 23, south of Marion.

Sometime between Friday and Sunday morning, someone had broken a window glass and tried to force open the window. However, hardened paint on the window prevented the person from getting the window open.

RUNAWAY BOYS STOPPED

Two runaway Norwalk boys were taken into custody Saturday morning by Marion police and held until their parents picked them up Sunday for return home. The two, 13 and 14 years old, told police they had hitchhiked to Springfield then made their way to Prospect where a motorist picked them up and brought them to Marion and turned them over to the police.

The park system of Washington comprises almost 750 units in the District of Columbia and vicinity.

Thailand Next Target of Reds, Minister Fears

BANGKOK (AP) — Prime Minister Pibulsonggram said today 20,000 so-called free Thai troops are assembled in bordering Yunan Province of Red China poised for a jump-off against Thailand.

The Thai field marshal addressed a news conference as heads of three delegations arrived for Wednesday's opening of the three-day conference of the Southeast Asia Defense Treaty Organization.

Pibul told the 220 correspondents the free Thais are headed by former Thai Prime Minister Pridi Phanomyong. He added that Thailand could handle aggressive moves by them unless Red Chinese troops joined in an attack.

The Southeast Asia defense organization was formed in Manila with the aim of halting Communist aggression. Pibul said Thailand favored a strong organization dedicated "to peace in this part of the world."

He said Thailand had been able to handle internal problems resulting from subversion and Communists infiltrating from Red China "but the danger to Thailand is beginning to increase."

"Autonomous Thais in Yunan have set up a military academy at Cheli and will use Yunan to jump off against us," he said. "If we don't do anything about it communism will move across the Mekong River and dominate all of Southeast Asia.

Delegations arriving today for the three crowded days of discussion, most of it to be secret, were headed by Richard G. Casey, Australian external minister; Thomas L. MacDonald, New Zealand minister of external affairs; and Foreign Minister Carlos P. Garcia of the Philippines.

The organization, created by the Manila pact, is made up of the United States, United Kingdom, Thailand, Philippines, Pakistan, New Zealand, France and Australia. The pact was signed Sept. 8.

Goodrich, CIO Continue Talks

Pact Covering 9,000 In Akron Negotiated

AKRON, Ohio (AP) — CIO United Rubber Workers negotiators and B. F. Goodrich Co. representatives meet again today in an effort to reach agreement on a proposed supplemental contract covering 9,000 production workers at the company's Akron plant.

An all-day negotiations session yesterday brought company and union officials no closer to a settlement, Kenneth Oldham, president of the union's Local No. 5, said.

The supplemental contract, which has a deadline at midnight tomorrow, covers the Akron plant only. It does not involve wages, which are usually dealt with in separate agreements.

A supplemental contract between the Goodyear Tire & Rubber Co. and the rubber workers' Local No. 2 was approved yesterday at a union meeting.

The contract, which covers 14,000 workers here, runs until Feb. 10, 1957, and involves working conditions.

MIGs

(Continued From Page 1)

He told Lee the identity of the MIGs had been established "by indisputable visual and photographic identification." He offered to produce photographs to prove it.

He said the MIGs were tracked by radar from their takeoff to their return and their "base is established by positive radar tracks."

"We know these MIG aircraft were not in Korea at the time the armistice was signed, which clearly proves that you have brought them in in violation of the armistice agreement," he said.

"By your own statements, you have condemned yourself before the world to be the violator of your own solemn commitments. Our side demands that the perpetrators of this crime be punished," he said.

2 Sailors Die, 3 Missing in Sub Fire, Blast

Battery Explosion Hits Underwater Vessel in San Francisco Harbor

SAN FRANCISCO (AP) — Two sailors were killed and three were missing and presumed dead in a battery explosion and fire aboard the submarine Pomodon at San Francisco Naval Shipyard last night.

Four other sailors were injured seriously and two civilian rescue workers were hospitalized after inhaling poisonous gases. One of the Navy injured underwent surgery at Oak Knoll Hospital.

Only a few sailors were reported aboard at the time of the blast.

Usually Carries 85

Normal complement of this Snorkel submarine is about 85 officers and men.

The Navy identified one of the injured crewmen as Seaman Bobbie D. Pulliam. He was burned on the face and arm.

The civilian workers, taken to Marine Memorial Hospital, were identified as Howard F. Swift, 36, South San Francisco, and Robert E. Williams, 24, Oakland, Calf.

All other names were withheld.

Two lesser explosions shook the gas-filled forward section of the submarine early today—four hours after the initial blast—and workers were pulled off the ship.

Gas Fills Sub

Lt. Austin R. Doyle, a 12th Naval District public information officer, said the Navy will postpone search operations until the Pomodon's batteries discharge and the vessel is cleared on explosive hydrogen gas. He said "it may be tomorrow or next week" before search is resumed.

The fire after the initial blast was extinguished quickly by civilian workers and sailors from the aircraft carrier Philippine Sea and the submarine Catfish.

The first explosion ripped the forward battery room where batteries were being charged preparatory to giving the Pomodon her first sea trial today after 4½ months of overhaul.

Stolen Safe Found In Woods on Farm Southeast of City

A safe stolen from a Marion firm last October was found in a farm woods southeast of Marion Saturday.

The safe, when stolen, was reported to have contained $646.98 in cash and checks, two blank American Travellers Express checks and papers of the company.

When found, the safe only contained about $21 in cash and the papers of the Meister Bros. drug store of 684 S. Prospect St.

The safe was found by Welcome W. Knickel of near Marion while working in the woods, located south of the home of W. P. Oborne on County Road 141.

The combination knob of the safe had been knocked off and the lock broken open.

The contents of the safe were returned to Miester Bros. Co.

Gunman

challenges to surrender with gunshots.

At one point tear gas caused a fire in the embattled four-room apartment. Firemen turned streams of water into the building to quench the blaze even before the shooting ended.

Finally there were no more answering shots.

Police gingerly entered the charred apartment, still reeking of acrid gunpowder and tear gas. A priest went with them to administer last rites.

On the floor, in a pool of blood and water, lay Robles, who had sworn he would never be taken alive. Blood oozed from a ragged chest wound. A rough tournique had been tied around his left arm, pierced by another bullet.

He was barefoot and clad only in trousers and an undershirt. A woman's slipper and children's toys were on the floor beside him. A bright-eyed doll perched on a chest above.

Police were tipped to Robles' hideaway yesterday afternoon. Swarms of officers were deployed on nearby rooftops, in neighboring buildings, doorways, cellars and fire escapes.

When all was ready, three policemen went to Robles' door and shoved it open. There was a blast of shots from inside and two policemen were wounded. The battle was on.

Found beside Robles' body were four revolvers, three of which he had taken from policemen who first tried to arrest him early Friday. His escape touched off the manhunt.

Later he eluded four detectives in a Harlem housing project.

Police originally went out to arrest Robles to question him about the gangland slaying of ex-convict Joseph Aronowitz in Brooklyn last Tuesday.

Legislature Tackles Huge Task

Committees in Assembly Begin Hearings on Bills

COLUMBUS, Ohio (AP) — The big flurry of bill introductions behind them, Ohio legislators this week buckle down to the job of deciding which of the 1,339 bills now in the hopper to become law.

Committees will be busy from tonight through Thursday morning as they begin to chip away at the huge pile of legislation which poured into the Legislature before the bill introduction deadline a week ago tonight.

Past experience would indicate about 25 per cent—a few more than 400—of the bills will become law, and most of those will have been polished by amendments before they reach the governor's desk for signature. Some will be entirely new bills.

School Bills Numerous

School bills are prominent in the week's calendar of hearings:

Tomorrow afternoon the House Education Committee has scheduled its first hearing on a bill banning membership in high school secret societies.

Wednesday afternoon a bill by five senators to increase sharply the minimum pay of the state's public school teachers will be before the Senate Education Committee. The same group will hear a proposal to outlaw racial segregation in Ohio schools.

Wednesday night, another in a series of hearings will be held before the House Education Committee on three bills to create a state board of education. Such a board was authorized in a constitutional amendment approved by the voters in the 1953 election.

The upshot of that hearing probably will be the designation of a subcommittee to combine the three bills. Before it begins its study, the subcommittee probably will be instructed to bring back a bill which provides for election of nine board members from the state's nine appellate court districts. Gov. Frank J. Lausche favors a board appointed by the governor.

Riverlake Bill Up

Also up for renewed hearings is the third attempt of the Riverlake Belt Conveyor Lines, Inc., to gain public utility status and the right to take private property — after paying for it—for its 100-mile right-of-way between Cleveland and East Liverpool. Two previous Riverlake attempts failed in the 1949 and 1951 Legislatures. Railroads were the chief opponents.

Riverlake wants to haul iron ore from Lake Erie to the steel centers near the Ohio River and transport coal from the Ohio River to lake loading piers for trans-shipupper lakes ports.

Tomorrow night's hearing will be split between proponents and opponents of the bill. Wednesday night's hearing will be devoted entirely to opponents. The committee will be the House Commerce and Transportation Committee.

Also scheduled for hearing are:

A bill to ban abandonment of old refrigerators where they might be hazards to children and a bill requiring the filling and covering of abandoned cisterns and cesspools. Both will be heard by the House Judiciary Committee tomorrow morning.

The same morning the House Finance Committee will take up an emergency bill authorizing the issuance of 33 million dollars in highway bonds to speed construction contracts which will be ready for letting by July 1. The House Committee already has approved.

Storm

(Continued From Page 1)

Wessington Springs, S.D., rancher who braved the shrieking blizzard at 2 a.m. yesterday to see if his sheep were all right. None of the men have been seen since.

The eastern Dakotas felt the full fury of the storm yesterday. Pierre, South Dakota's capital, got a 13-inch fall driven by a 52 m.p.h. wind with gusts up to 73. Falls ranging to Huron's 10 inches and Watertown's 7 immobilized all transportation, with roads drifted shut and visibility zero.

The storm swept through the Red River Valley along North Dakota's eastern border, blocking all but railroad travel. In both Dakotas the temperatures were only a few degrees above zero.

A sharp chill settled over the three-day storm's wake through Colorado, Montana, Wyoming and Nebraska. Denver, which got 7 inches, reported a temperature of 5 degrees above early today.

Thirty-three persons stranded during the storm in Nebraska had been rescued.

Off the fringes of the storm, rain or a freezing mixture of rain and snow fell in southeastern Minnesota, Illinois, Kansas, Missouri and Iowa.

A band of rain extended today from eastern Texas to the eastern Great Lakes region.

The line of freezing weather early today dipped sharply southward from the Great Lakes region into northern Texas and thence westward to the Western Plateau.

Eagle, Colo., was today's icebox, with 25 below zero. By way of contrast, Charleston, W.Va., had its warmest Feb. 20 in history — 74 degrees.

Shipping Lanes Hit by Furious Wind, Blizzard

LONDON (AP)—A storm-battered freighter sank in Genoa Harbor today and another was grounded several hours off blizzard-swept Dover as new snows raked Scotland and blanketed Europe.

At Genoa, the 4,147-ton Swedish freighter Nordanland sank with a 600-ton cargo of carbide. Two gaping holes had been torn in her hull by one of the most severe storms to strike the area in years. A rescue vessel had spent 36 hours trying to pump water from the Nordanland to keep her afloat. Her 40-man crew had abandoned ship Saturday night.

The 7,173-ton Italian freighter Monviso crashed onto rocks under the South Foreland cliffs at Dover early today, but tugs wrenched her free at midmorning.

Four more inches of snow fell in northern Scotland, already floundering under a thick white blanket from almost continuous storms last week.

Five tons of fodder were dropped in 18 plane flights from Kinloss yesterday in livestock relief missions.

The first train to leave Wick since last Wednesday steamed out of the station this morning, preceded by a snow plow.

Avalanches took two more lives in north Italy yesterday, and a rescue team failed to reach 29 workers marooned by snow in the nearby Val Malenco.

Raul Fornari, 57, a skier from Rome, was killed by an avalanche at San Martino di Castrozza while returning to his hotel.

Kiwanis Clubs In State Help Polio Center

MAGNETIC SPRINGS — Dr. Kenneth Keever, founder of the Magnetic Springs Polio Foundation, reported today that Kiwanis clubs in Ohio had selected as a statewide project the raising of $50,000 with which to erect a special hydrotherapy pool building.

Howard Closson of Delaware is chairman of the Kiwanis Magnetic Springs committee. Other committee members are Robert Strimer of Delaware and Delmar Smith, Gene Vollrath, and the Rev. Paul Plasterer of Marysville.

Plans for the proposed building are now being prepared by the architectural firm of C. Melvin Frank and Associates of Columbus. The hydrotherapy pool building will be used to expand the facilities of the Midwest's first polio rehabilitation center.

Magnetic Springs will pattern its operation closely after the famous Georgia Warm Springs Foundation. The polio center hopes to open its doors to its first 40 patients late this spring and as the work of remodeling the former Park Hotel progresses, additional patients will be admitted until the eventual capacity of 130 is reached.

Plans are that the foundation will receive polio patients after the acute stage of the disease has passed, to administer physical therapy, fit braces and rehabilitate generally polio patients to a point where they can return to their ordinary way of life.

A complete, modern brace shop, staffed by competent brace makers trained at Warm Springs, is in operation at the present time at Magnetic Springs.

PUCO Seeks Answer From Telephone Firm

COLUMBUS, Ohio (AP)—The state utilities commission has asked the General Telephone Co. of Ohio to show cause why it should not be ordered to extend telephone service to residents in the northeast section of New Philadelphia.

The action was taken on the complaint of Mrs. Donald Lawver, Rt. 1, New Philadelphia, and 19 other individuals, who asked for telephone service along county road 319 on May 15, 1951.

The commission ordered the utility to show cause in writing on or before March 4, why it should not extend its plant and facilities to serve Mrs. Lawver and others

The company has contended that the expansion of cable distribution facilities in the northeast section of New Philadelphia is near completion.

A company spokesman said Mrs. Lawver could expect service during the third quarter of 1955.

13 Accidents Reported Here Over Weekend

Thirteen accidents were investigated over the weekend by Marion police and state highway patrolmen from the Marion post. No injuries resulted.

Robert W. Coulson, 18, of 192 Barnhart St., told patrolmen that his car went into the ditch when he swerved to avoid hitting a car driven by Robert tW. Skaggs, 32, of 640 Lee St., when it started making a left turn.

The accident occurred at 2:10 p.m. Saturday on Route 30-S, about one and one-half miles west of Marion at the intersection with the Waterworks Rd. Both vehicles were westbound.

Skaggs was arrested on a charge of failing to signal a turn, and Coulson was arrested on a charge of being left of center. They are to appear Saturday in Municipal Court.

At 8 p.m. Saturday, a car driven by William E. Swearingen, 26, of near Marion, left the road on the Sawyer Rd., in front of the Sawyer Sanitorium. Moderate damage resulted to the car, which was southbound.

11 Accidents in City

Eleven minor traffic accidents were investigated over the weekend by Marion police.

One driver was arrested on a charge of failure to yield the right of way following a collision at Bennett and Oliver Sts. at 7:11 p.m. Saturday. He was Milton A. Apthrop, 51, of 310 Oliver St. The other car involved was driven by Gerald C. Cook, 32, of 794 Fillmore St. Apthorp is to appear in Municipal Court Wednesday.

One of the weekend collisions was a hit-skip. A car owned by Frieda Fetter of Bucyrus and parked on Holmes Pl. near Union St. was struck by an unidentified car at 2:51 p.m. Saturday. Witnesses said the hit-skip car had a Pennsylvania license tag.

Cars driven by D. A. Gibb, 38, of near Morral and W. N. Wiley, 43, of 402 S. State St. collided at E. Center St. and the first alley east of S. Main St. at 10:25 a.m. Saturday.

Each of the remaining eight collisions caused less than $100 damage and details were not reported.

Dinners Held For McMillen Feed Employes

Employes of the maintenance department, solvent department, and others who assisted in an inspection of solvent department equipment during the week at the McMillen Feed Mills were guests at two dinners given by the company Friday.

The dinners climaxed a special "work week" at the plant during which employes made safety checks of equipment and efficiency inspections. Regular operations of the solvent department were suspended during the week-long equipment check and workers were divided into three shifts to carry out the program.

One dinner meeting was held at the Shangri-La restaurant Friday at 4 p.m. Attending were: Donald Rupp, Robert Reid, John Brady, Wilbur Roberts, Paul Green, Virgil Mohler, Lester Roberts, Gerald Baldwin, James Reece, Louis Hughes, Don Frost, Paul Snowden, Ira Frost, Raymond Hilt, Walter Jones, Ralph Rush, Clifford Baker, James Holbrook, Sheldon McCleary, Kenneth Dillinger, Howard Haines Sr., Tim Wyant, Jay Alton, Earl White, Paul Thomas.

The second dinner was held at midnight for the second and third shifts. Attending were: Floyd Beck, Paul Beveridge, Joe Cafagno, Carl Ault, Clyde Beckel, Ray Russell, Fern McIntire, Robert Smith, Lowell Appleman, Al Threlfall, Al Andrews, Charles Carpenter, John Heller, Otis Britton, Sam Snyder, Russell Garver, Wayne McBeth, Cecil Finchman, Donald Davie, Dean Pickett, Charles Spreng, Elmer Milligan, Henry Piper, Paul Wolf.

Wendell E. Mann, plant manager, acted as host for the two groups.

Machine Divides Human Blood for Hospital Use

CAMBRIDGE, Mass. (UP) — Human blood can be separated and its components packaged in separate containers by a machine developed by Harvard Medical School and a Cambridge industrial research firm.

The "Fractionator," as the device is called, is said to eliminate the present hazard of contamination from blond processing.

The "Fractionator" is the size of a home washing machine. Tubing and connections are of plastic rather than glass and rubber because the latter substances cause blood to adhere.

The machine will permit more research on blood's components and is expected to lead to discovery of new materials to combat disease.

Intellectuals

By George Sokolsky

SOKOLSKY

It used to amuse me, when I lived in Russia, to meet a person who announced, "I am intelligent." It seemed such a funny thing to say. Nevertheless, in a country of gross illiteracy, as Russia then was, the person who could read and write, who could recite quotations from Gogol and Lermontov, and who could argue over Tolstoi and Dostoevski, could say, "I am intelligent."

Later, in China, it was something for the older people to say that they had passed their examinations. It marked them off from those who had not passed their examinations. Most Chinese could not read at all or much. This was complicated by the use of a written language, Wen Li, which was quite different from the spoken tongues, even that lingua franca which the foreigners called "mandarin."

—:—

I SAW IN the newspapers that Barnaby C. Keeney, dean of Brown University, was annoyed with J. Edgar Hoover for having said:

"All too often academic license has contributed to the spread of Communism and in case after case has won converts to the Communist cause."

Dean Keeney replied to this:

"I am disappointed in J. Edgar Hoover, who is a good security officer and whose investigations proceed with somewhat more sophistication than his speech writers."

Naturally, this is a disappointing reply. It does not answer Hoover's charge; it denounces Hoover, using according to the account, the phrase against Hoover, a "vicious attitude toward intellectuals."

Dean Keeney does not know whether J. Edgar Hoover writes his own speeches or employs writers any more than I know whether President Wriston of Brown University, who usually speaks remarkably well and with much sense, writes his own or has them rolled by his undergraduates. The dean, who is defending intellectuals as a class, resorts to the ad hominem argument of the small boy who says, "You're another."

—:—

ALL THIS LEADS me to the retirement of a scholar, a moral philosopher and historian, Father James M. Gillis, a Paulist orator and one of the earliest religious leaders to use radio to carry a message. Father Gillis and Dr. Daniel Poling were contemporaries and paved the way for such tremendous successes as Bishop Fulton Sheen and Dr. Norman Vincent Peale who have turned radio and television into great pulpits.

But Father Gillis has not been limited to the gift of speech. A philosopher, he wrote a column, "Sursum Corda," which appeared in a large number of Catholic parochial newspapers and which I read each week for many years, for its wisdom and my guidance in the application of moral thought to current matters.

Here then is an intellectual on the other side of the Hegelians and the Marxists and that galaxy of specialists who wear all sorts of keys to establish their superiority over other men. Father Gillis' knowledge of history is profound but his familiarity with literature, even the wrtings of the temporary and shallow, is nigh omniscient.

—:—

I KNEW TWO such men in my youth, men who appeared to be walking encyclopedias and who nevertheless were capable of philosophic synthesis: one was Talcott Williams, a former newspaperman, whose universality was as sure as it was astonishing, and Walter B. Pitkin who introduced me to philosophy, psychology and art. Pitkin taught young fellows at college and earned real money writing short stories under several pseudonyms. He also ran a chicken farm and was the first to engage commercially in educational motion pictures way back when a projection machine was run by hand like a coffee grinder.

Talcott Williams, who had been born of missionary parents in Abeih, Turkey and who spoke Arabic as fluently as he did English and French, and some other languages, was an anti-Zionist. So we thought we would have some fun with him by getting a Zionist organization to ask him to speak. He turned the tables on us by accepting and delivering a remarkable lecture on the "homing instinct," in which, without a note, he referred to the habits of birds, fish, beasts and man to re-seek the place of their origin. Without committing himself politically, he covered the range of biology and anthropology and the audience could reach any conclusion.

Those were intellectuals, as such a man as Father Gillis is an intellectual, not because they advertise themselves as "I am intelligent" but because God graced them with the capacity to understand and apply the knowledge they accumulated.

Ike's Aid to Schools Plan Wouldn't Help Ohio, Eyman Says

NEW MADISON, Ohio (AP)—R. M. Eyman, state director education, thinks Ohio would not benefit much under President Eisenhower's proposals for federal aid to schools.

Eyman, speaking at the dedication of a $26,000 addition to schools here, termed the President's proposals "wholly inadequate."

The director criticized officials and legislators "who believe the whole problem should be tossed back to local communities." He said state and federal aid is necessary "unless we broaden the tax base at the local level."

Big-time football is not necessary to a university or revolutions to a Latin-American country. But it's the ones who have them that get their names known best.

Jealous Lover Shoots Three, Self at Atlanta

ATLANTA (AP)—A jealous lover shot and killed a former Georgia legislator, a Tennessee shoe salesman and the woman he was dating and then committed suicide last night.

Another woman was injured seriously in the wild burst of gunfire which broke up a gay party in a northeast Atlanta home.

One of the victims was John Verlyn Booth, 49, member of the Georgia House of Representatives from 1934 to 1938 and onetime Fulton County (Atlanta) campaign manager for Sen Richard Russell (D-Ga) when Russell ran for governor. Booth was divorced.

Police Capt. E. O. Mullins and Homicide Detective Lt. L. T. Bullard identified the jealous man as Alton Nix Treadway, 45, an Atlanta electrical engineer.

They said he smashed his way into the house with a .22-caliber target pistol in hand and fired with deadly accuracy at all four persons.

The other dead were:

Mrs. Ella Warren, 39, in whose one-story brick bungalow the shooting occurred, and Ira D. Lane 49, a shoe salesman at Chattanooga, Tenn., who was in Atlanta attending a convention. Lane also was divorced.

The injured woman was Mrs. Anna Padgett Cone, a widow employed at Chattanooga. She suffered bullet wounds in the head and stomach and cuts about the head.

Mrs. Cone underwent surgery during the night and was reported in fair condition at Grady Hospital early today.

Capt. Mullins said Treadway had been dating Mrs. Warren and just recently purchased an engagement ring for her.

Mrs. Cone, the sole survivor, told police she was in bed when Treadway burst into the room. She said he hit her on the head with a gun, banged her about and then shot her. She fled to a neighboring house.

No Need To Hurry

By Victor Riesel

NEW YORK: — The new Walter Reuther is no longer a young man in a hurry.

Fact is he found himself in a fight last week and hit his critic with a 106-word — instead of a 106-page — statement. And a good humored one, too.

VICTOR RIESEL

For over a week Reuther's critic, Michael J. Quill, had the temper of a rattlesnake with a toothache. Shaking the mike instead of his shillelagh at his Transport Woorkers Union's Ninth Biennial Convention here, Mike threw the book at Walter. And Reuther turned gently to another book and answered the rebel quietly with a quote from the New Testament.

Late in the week. Reuther telephoned a CIO Union president in New York on some routine business. When the Detroit-New York connection was complete, the CIO official in New York heard Reuther chuckle:

"I hear there's a big wind blowing in New York:"

"No, it's a sunny day," the puzzled fellow replied.

"I don't mean the weather, I mean Quill. I hear he's blowing," Walter said and laughed off criticism which would have stung him into bitter action not too long ago.

—:—

THEN REUTHER MIGHT well have flown into New York, taken the platform, eyes flashing, red head tilted, gesticulating with his injured right hand, and torn at Quill for shouting that he (Reuther) had sold out CIO by "submerging" it in a merged AFL-CIO.

Instead Reuther refused Quill's personal and telephoned requests and challenges to speak from the Transport Workers' convention platform.

It is a new Reuther, self muted, taking a long-range approach. He is a man who within the next decade will have enormous influence throughout the land — and the world. He is a man who knows that, at 47, he has time to sweat it out.

Walter Reuther is aware that his first problem is to make make friends in the AFL, to calm their fears of his quickness to make blistering, militant speeches and issue broad solutions for many question. He realizes that he must not make too many problems inside the AFL.

—:—

HE KNOWS THAT IN eight to 10 years the AFL leaders, most of whom range from 60 to 70 years of age, must retire or slow down. During all this time Reuther will probably head the industrial union section (Council of Industrial Organization, rttaining the CIO initials; of the new labor movement. He will become the new federation's political spokesman, its legislative voice, the country-wide crier for shorter work weeks and huge unionizing drives.

But all that will wait. He will not push George Meany — for Reuther knows that, except on foreign policy, Meany and he see things more closely than Meany and many of the other powerful AFL chiefs. Soon enough the team will be Meany and Reuther. It appears inevitable.

Let me report how the inner circle sees it. Lost in the mardi gras of merger statements in Miami Beach two weeks ago, was the forcefulness which the gruff, cigarchewing, husky George Meany revealed. Nothing fazed him.

It was like that day back in 1947 on the AFL's convention platform in San Francisco. John Lewis was pushing people around, insulting delegates as being men without heads, just with "necks with hair grown over." "Don't smite the ox," Lewis said referring to himself.

—:—

WELL, ALL ALONE. Meany took Lewis on and smote him hard, in one of the toughest speeches I've ever heard. The next day Lewis didn't show up. Thus it's been — Meany calling every bluff. It is now obvious that Meany is going to give the AFL what it never had — a strong president who will centralize the AFL's power in its national headquarters.

When the stench of waterfront rackets became too strong, Meany himself decided to buck the mob and throw out the longshoremen. When Meany wanted labor unity, he got it.

Recently, when the Butcher Workmen's Union decided to take in the Communist-infested Fur and Leather Workers Union, it was Meany who said bluntly that the butchers' 250,000 member union would be kicked out of the AFL if it did so. The Butcher workers had asked him not to bring up the matter at the AFL executive council meeting two weeks ago in Miami Beach. He ignored them, though they have great influence and friends. There are many other instances. There has been friction and will be friction with other national union presidents.

Meany will need a tough, eloquent topkick, because no man can run a mammoth federation of 15,000,000 workers alone. That topkick will be Reuther in the years to come. Reuther will be in a most strategic spot when Meany decides to step down. It will take time. But Reuther has the time.

Lausche Attending Meeting in Indiana

EVANSVILLE, Ind. (AP) — Ohio Governor Frank J. Lausche today joins the governors of four other states plus some 20 state and private officials conferring on regional highway, toll road, waterway and railroad problems.

The meeting, sponsored by Evansville's Committee of 100, Inc., a civic group, is aimed to exchange views on bettering transportation facilities.

Governors are expected from Indiana, Illinois, Kentucky and Nebraska, while Michigan, Tennessee, Georgia and Florida officials plan to send representatives.

Worst Stage of Life

By Hal Boyle

NEW YORK (AP) — If life begins at 40, I'm four years old today.

And boy, what a thrill! In another year I'll get to start kindergarten again.

HAL BOYLE

I can hardly wait. Science may say man reaches the summit of his powers in his early twenties. But I know better. Looking back at my 44 calendar years I am sure I reached my peak in kindergarten, and have been going gradually downhill ever since.

It's been the same way with my friends, and it's probably true of you, too. You didn't chase the wrong girls, argue with traffic cops, or go into debt buying things you couldn't afford until you left kindergarten, did you? It is only when a man leaves kindergarten and later studies arithmetic and fractions that he begins to add to his sorrows, subtract from his innocence, multiply his troubles—and become a fraction of his real self.

—:—

BIRTHSDAYS USED to be terrible ordeals to me. I hated the idea of becoming older. But I find I don't mind reaching the age of 44 at all, not even when cheerful friends tell me, "Why you don't look a day over 45."

For at 40 I thought the whole problem of time through and reached the conclusion that the worst age in life is the period between kindergarten and 40. Those in that bracket are more to be pitied than censured, because they are all crazy, mixed-up kids.

Actually we are born old and wise. Look at almost any baby or child you know. Isn't he really conservative, cautious and full of instinctive common sense?

But after kindergarten he loses most of this innate wisdom. For the next 35 years he stumbles along messing up his life, getting more and more confused and ignorant about the really important things that matter in this brief world.

—:—

THEN, AT 40 if he is lucky, the darkness begins to lighten. Slowly he regains the heritage of his birth, the wisdom and common sense he threw away so long ago when he set out to slay dragons or to become rich and famous. The small pleasures that seemed so wonderful to him as a child—the sight of a strange bird on a bough, watching snow change the landscape, seeing a full moon rise—become wonderful anew. He senses once more the eternal mystery behind every commonplace thing.

After 40 you aren't dying so much as you are slowly being born again. You don't fight the world and time so hard but bend them into better focus. The terrible Mt. Everests that faced you at 20 or 25 are reduced to the molehills they really are.

—:—

AT 25 YOU LOOKED at them through binoculars of fear that magnified them. After 40 you learn to look through lenses of understanding that put all objects in a less frightening perspective.

Anyway that's the way I intend at 44 to look at the scenes in this ceremonial jungle we move through. Does any other way make sense?

Naturall when you are 44 young people who regard you as a walking antiquity sometimes come to you for counsel. So here is my birthday advice to anybody unfortunate enough to be below the age of 40:

1. Don't argue questions of religion or politics at cocktail parties.

2. Never bet on yourself while playing in a pool game with strangers.

ACROSS THE COUNTER

If you own a business, you may have plenty of fire insurance and still be hard hit financially after a fire. Why? Because you have perhaps forgotten to expect a certain big loss—that's the one of being out of business for 4 to 8 months.

Earl J. Andrews

Recently, for example, in Kentucky one of the nation's largest feed producers suffered a $1,000,000 fire. According to press reports the company "had adequate coverage for its property, but carried NO business interruption insurance." Imagine the big loss it will have to shoulder—the loss of profits for months and paying salaries of key personnel.

A fire can not only burn you out—it can put you out of business for a long time while your income stops dead.

Fortunately, Business Interruption Insurance is available. It pays you as much as your business would normally earn and pays for necessary overhead expenses while rebuilding is going on. These "aftermath" costs may far exceed the direct loss from fire.

Don't be forced out of business by fire. Be prepared with Business Interruption Insurance.

The cost is relatively low. Ask us to show you how it applies to your business. Phone 2-3127 tomorrow.

Fire Rips Ill-Fated Coast Guard Cutter

BOSTON (AP)—The Coast Guard cutter Eastwind has survived another near disaster.

A below-decks fire yesterday destroyed the cutter's engine room and threatened an ammunition magazine before it was extinguished by sea and land fire fighters.

Five years ago, the Eastwind collided with the oil Tanker Gulfstream off Cape May, N.J., with the loss of 11 members of its crew.

No one was injured in yesterday's blaze aboard the 89-foot, 3,000-ton craft, which returned only two weeks ago from Greenland and was tied to a Castle Island pier for repairs.

SHORT HOPS

NEW YORK (INS) — You don't have to be a giant heavyweight to carry many pieces of luggage at one time. Average height of bellhops at the Hotel Edison is 5'7" and weight, 155 pounds, according to owner Irwin H. Kramer.

Musicians Seek Repeal Of Federal Cabaret Tax

LOS ANGELES (AP)—A campaign against the wartime 20 per cent federal cabaret entertainment tax has been launched by the AFL American Federation of Musicians.

"We are being discriminated against in favor of the juke box," said Herman D. Kenin, a member of the AFM's Executive Board. Kenin, representing Union President James C. Petrillo, addressed 70 delegates yesterday at a conference of Western states musicians.

Kenin, president of AFM Local 99, Portland, Ore., said the union will join with bar and cafe owners and distribute literature to customers urging them to protest to their congressman.

UNTIMELY END

HYANNIS, Mass. (UP) — When an 82-year-old banker died here recently, a suburban weekly headlined the story — "Career Cut Short."

Protest Low Grades

OKLAHOMA CITY (AP)—An Oklahoma City Junior High School teacher, Earl E. Stewart, 45, told police a group of students drove past his home and hurled rocks. "It has happened before," he said. "Every time I give certain students low grades someone throws rocks at my house." He said that if he could identify any of the rock throwers he would take care of the situation.

Too Liberal for Extremists

Eisenhower Under Fire By GOP Conservatives

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Republicans repeatedly pick this time of year—before and after Lincoln's Birthday—to make some of their harshest speeches against the Democrats This year some Republicans turned on other Republicans

Five years ago extreme Republican conservatives were accusing the Democrats of leading the country leftward This year out of the same wing of the party the same accusation was made against President Eisenhower

To add to the irony this year Eisenhower is being nice to the Democrats He needs their help They control Congress And they have helped him particularly on his Formosa resolution and his request for authority to lower tariffs

— —

IN HIS 1950 Lincoln Day speech Sen McCarthy (R-Wis) hit a new high or a new low depending on where you sit with his shotgun charges that the State Department was loaded with Communists

Other Lincoln Day speakers that year — especially the late Sen Kenneth S Wherry (R-Neb) and Sen Ives (R NY) — said President Truman and his 'Fair Deal' were heading the country straight into socialism

Came 1951 McCarthy called for the firing of Secretary of State Dean Acheson Wherry accused Truman of trying to 'usurp' the powers of Congress Sen Dworshak (R Idaho) said he was worried about the threat of 'political dictatorship' and Sen Malone (R Nev) cracked at the then Gen Eisenhower for recommending troops for Europe

— —

McCARTHY IN 1952 made a charge which petered out that one of Truman's economic advisers had been invited to join the Communist party That was a presidential election year and some of the candidates made Lincoln Day speeches

The late Sen Robert A Taft (R-Ohio) urged unleashing Chiang Kai-shek against Red China California's Gov Earl Warren now chief justice of the United States said the nation was depressed by confusion and fear' and Harold E Stassen now chief of the Foreign Operations Administration spoke against Truman misrule

Republican orators were comparatively quiet in 1953 Eisenhower's first White House year They made up for it in 1954 when McCarthy and Sen Jenner (R-Ind) accused the Democrats of being the 'party of treason'

— —

BUT IN 1955 McCarthy rebuked in 1954 by Senate Democrats and Eisenhower Republicans aimed at Eisenhower by condemning a 'retreat around Formosa The scorcher this year was the attack on Eisenhower by Utah's Gov J Bracken Lee

Lee said the nation had gone further to the left under Eisenhower than in any two years in history and even suggested a third party might be necessary

Last week Eisenhower while watching Speaker Rayburn (D-Tex) save his lower-tariff program for slaughter in the House and after seeing Sen George (D-Ga) lead the fight to give him a free hand around Formosa said

The Republicans shouldn't lose their 'balance of values . Our greatest enemy is the Communists not the Democrats As if answering the charge he was turning left Eisenhower said he considers his administration to be one of 'dynamic conservatism'

Semi-Finals Slated Tuesday in Tournament Action

LaRue To Tackle Claridon; Caledonia Faces Prospect

LaRue's Marion County League co-champions moved into the semi-finals of the Marion County tournament Saturday night with a convincing 66-51 win over New Bloomington It was the first tourney appearance for the losers

The win pairs the Indians against Claridon's Hornets in the final game of Tuesday night's three-contest card Caledonia and Prospect will lock horns in the other semi-final tilt In the opener Tuesday at 6 30 p m Pleasant will take on New Bloomington with the winner of that game moving into the semi-finals of consolation action

The LaRue verdict over New Bloomington was the only game in championship action Saturday night However in a pair of consolation matches Pleasant blasted Morral 55-36 and Meeker raced to a 60-36 decision over Green Camp The two losers were eliminated from the tourney.

Coach Ted Dennison's Indians moved out front early against the New Bloomington squad by grabbing an 8-0 lead before Tommy Cropper's quintet could break into the column But from that time, the New Bloomington team came on strong and late in the quarter knotted the count at 8-8 A late spurt shoved the winners into a 16-10 edge at the end of the frame.

— —

STRENGTHENED by the return of Bill Gracely, the eventual losers managed to stay in the game until late in the second quarter when the co-champs began moving ahead Gracely was injured in an auto mishap early during the regular season and had seen no action since.

The Indians grabbed a 35-23 lead at the half and then limited the losers to eight points during the third quarter. That gave LaRue a 53 31 cushion at the start of the final frame.

Larry Heckman, although not scoring in the first quarter took individual laurels with 17 markers for the Indians. His running mate, Ray Hosey, pumped in 15 and Raymond Hughes netted 10 Floyd Beers was tops for the losers with 15 and Jack Brinkley canned 12.

Pleasant moved in front early in its match with Morral and then beat off the Wildcats' only threat The Pandas worked into a 12-10 lead at the end of the opening quarter and Morral collected only seven markers in the second stanza to trail at the half by a 32-17 count.

In the third quarter, Morral outscored the Pleasant team 14-5 to cut the deficit to six-points, 37-31, at the start of the final period Chuck Brobeck's winners hit for only one field goal during the third stanza But in the final period, it was Morral whose attack faltered and only one fielder was hit by Vern Hensel s losers.

Darrell Stoner poured through 20 points to lead the Pandas and Fred Reidel added 10 Big gun in the losers' offense was Charles Neal with 11 while Mannie Saxton was next in line with nine The losers were without the services of a pair of starters when the final gun sounded Both Dick Craycraft and Neal left with five personals points in the second period as he

— —

MEEKER committed only one foul in the opening quarter of its game with Green Camp That foul came with less than a minute remaining and John Showers dropped through one of two foul shots That was the only point scored by Green Camp in the period which ended with Meeker holding a comfortable 19-1 edge

Ron Newland poured through 10

Marion YMCA Swimmers Win In Lima Meet

The Marion YMCA swimming team continued its mastery over Lima YMCA by winning two of three divisions in the loser s pool Saturday, with the scores intermediates, Marion 39, Lima 35 juniors, Marion 44, Lima 14, and preps Marion 32 Lima 34

Marion's intermediates squeaked through in a protested decision when the Lima freestyle relay was disqualified for swimming ineligible men The Marion team had five wins Patterson in the 40 yard freestyle Garee in the breaststroke, Jim Forsythe in the backstroke and Stan Franks in the 100 yard freestyle The disputed win by Marion's freestyle relay decided the meet

Marion's junior team won easily with first in every event but the diving in which it had no entries Mickey Bowlin and Greg Axe again were double winners for the locals

Lima s win came in the prep division with a narrow two-point margin over the locals resulting from a close decision in the freestyle relay Tom Prichard and Al McKee took individual wins in the 20 yard freestyle and breaststroke for the locals while the medley relay of Ken Tillman, Al McKee and Prichard finished first

This week the Marion teams will face three opponents with Dover YMCA meeting the intermediates here Tuesday at 12 30 p m in a dual. The Sandusky Junior High School will oppose the junior team here Friday night at 7 p m and then on Saturday the "Y" will face the Toledo YMCA team in a three division meet here at 2 15 p m

Ohio Cage Teams Face Final Flings

By FRITZ HOWELL

COLUMBUS, Ohio (AP)—Ohio colleges stage their last big basketball splurge of the season this week and the 47-game slate is filled with fireworks

Three big games stick out They are Miami at Marshall tomorrow night Duquesne at Cincinnati Friday, and Duquesne at Dayton Saturday

Miami s hopes of an undisputed Mid-American crown rest on the Marshall tilt but the Thundering Herd unbeaten on its home floor could win and throw the championship and NCAA berth into a three way tie among the Redskins Marshall and Western Michigan

Duquesne ranked fourth in the nation, could return home with its feathers clipped The Dukes trimmed Cincinnati s 12th ranked Bearcats 81-67 on the Pennsylvania boards last week Then Dayton tagged the 'Cats with an 80 69 loss Friday, so the Queen City boys will be on the rebound

Dayton listed in 13th place last week holds a 68-67 win over the Dukes on their home floor and has rolled to nine straight wins since the Jan 12 loss to Cincinnati Sunday s 71 to 60 triumph over Xavier s Musketeers moved Dayton into a 20-3 record to match Marietta for the statewide lead—the Pioneers having been dumped Saturday night by Baldwin-Wallace, 104 83

The Baldwin-Wallace win was manufactured by a freshman under contract to the Cleveland Indians as a pitcher He's Wynn Hawkins, last years high school Class B all-Ohio star from New Waterford, who poured in 35 points

In other weekend highlights Findlay clinched the Mid - Ohio League title with a 10-0 record by beating Ohio Northern 94-77, Miami defeated Kent 91-61, to annex a share of the Mid - American crown Toledo zoomed over Western Reserve 101 to 74, for the highest Rocket score in history and Akron smothered Oberlin 121-50, for another school scoring mark

Cedarville which hadn t won a Mid-Ohio League game in two seasons, nosed out Bluffton 98-96, on Eldon Stirn's fielder in the fading seconds—and should get back into the loss column tomorrow as it pits its 1-9 record against Findlay's 10-0

The Buckeye boys won only 7 of 22 interstate games last week, but have a 137 to 128 edge for the season with a scoring advantage of 20 640 to 20 332 Host teams have won 326 games this season, and visiting teams 190

Miami carries an 11-2 record into tomorrow s game with Marshall against the Herd s 9 3 Marshall has a Saturday date with Western Reserve giving it a chance to tie for the title by beating Miami Western Michigan also at 9-3 plays Bowling Green tomorrow night and Ohio U Saturday Twin wins could shove the Broncos into a three-way tie should Marshall turn back the Oxford quintet

Recover Lost Change

OCEAN CITY, Md (AP) — Since eight blocks of the boardwalk were torn up to make way for a concrete walk, people working with shovels and sieves have turned up about $300 dropped by vacationers during the last 65 years Some have mined as much as $12 a day

Wins at Westerville

Mt. Gilead Passes First Test, Nips St. Vincent Cage Squad

MOUNT GILEAD — Mount Gilead's defending Central District basketball champions were a single step away from the district event today after registering a 74-56 win over a stubborn Mount Vernon St Vincent squad Saturday in the exempted village and parochial school tourney at Westerville

Frank Truitt's quintet grabbed a 16-10 edge in the first period but at the half could claim only a 30-29 edge Mount Vernon stayed on the Indians' heels through the third stanza and at the start of the final period, the local team held only a 44-41 cushion The Indians broke the game open in the closing five minutes

Four cagers hit double figures for the Indians John Mosher set the pace with 27 while Gene Brush came in with 16 John Staley finished with 12 and Dick Zolman collected 10 Bitzell with 15 was high for the losers with Moshey adding 12

The Indians next action will be Friday at 8 p m when they meet Columbus Holy Family just prior to Marion St Mary's clash with the winner of the Columbus St Mary - Granville contest The winner of both games will qualify for play in the district event

Juvenile Returned To Jail in Morrow

MOUNT GILEAD — One of two juveniles who escaped from juvenile detention quarters of the Morrow County jail Saturday night was returned to the jail by his mother Sunday night

The two youths, 14 and 15 years old, broke out of the jail at 7 15 p m Saturday by dismantling a floor board and using it to pry the bars off the window of their second floor room They then left by stepping down on a canopy over one of two main side entrances.

Their escape was seen by a young boy who reported it to the village marshal A search by law enforcement officials of the area failed to discover the young escapees Saturday night.

Sunday night the 15-year-old was returned to jail by his mother He told authorities that he and his companion had hitch-hiked to his home several miles from Mount Gilead and hid in a barn until his family discovered them

He did not say where his companion went after that The 15-year-old had been received at the jail on Feb 9 and the 14-year-old on Feb 16 on delinquency charges

YMCA Selected As Tourney Site For Badminton

For the second year in succession the Ohio - West Virginia Area Badminton Championships will be held at the Marion YMCA Representatives from Associations throughout Ohio and West Virginia will meet at the local Y April 2 to determine both Class A and Class B champions in the fast growing sport

Teams and players are expected to appear from Youngstown Cincinnati Columbus Cleveland, Toledo, Huntington, W Va , Dayton, Lima and other YMCA in the area Matches will begin at noon on Saturday and will be continued throughout the day with final matches scheduled for 8 p m

The Marion YMCA is equipped to handle four matches simultaneously, three on the south gym and one on the west All final matches will be played off in the west gymnasium and special seating arranged for spectators

Last year Youngstown captured Class A honors in both singles and doubles while Cleveland and Huntington shared the Class B singles and doubles championships

The local badminton committee of Carl Knirk, George Wood and Tom Clark will handle the arrangements

The Ohio-West Virginia championships are conducted as a part of the Area Sport Festival, wherein championships in all areas of physical activities are conducted in Columbus on the campus at Ohio State University Since adequate facilities in handball, squash and badminton are not available at OSU these activities are moved out of Columbus and conducted by various Associations

Registrar of Art School Is Slain In Los Angeles

LOS ANGELES (AP) —Police today studied a bloody fingerprint and followed up names in a small address book, two leads in the savage slaying of Mrs. Karil Rogers Graham, 39, registrar at an art school.

The body of the attractive brunette divorcee was found Saturday night in her one-room apartment. She had been sadistically attacked, police said, and her head had been crushed by at least two blows from a heavy weapon.

Four men acquaintances have been questioned but no charges have been filed. Detective Sergeants Jack McCreadie and Charles Detrich said the questioning was part of a routine check of all former acquaintances.

Mrs. Graham's body was found Saturday night by apartment building manager James Lipson, although a neighbor said she heard a scream about 5 a.m. Saturday.

Lipson told police the door to her apartment was open. Mrs. Graham was lying face down on a couch. Her nightgown had been pulled over her head. Blood spattered the walls. An abstract painting of a bird of paradise, given her that night, hung over the death couch.

The apartment had been ransacked. "If it wasn't burglary it certainly was made to look like it," said Detective Chief Thad Brown.

The fingerprint was found on the inside front doorknob and was taken to the police crime lab along with human hair found under one of Mrs. Graham's fingernails.

BECOMES CAREY AGENT

CAREY — L. E. Offenbacher of Carey, an employe of the New York Central Railroad since 1914 and agent at Vanlue since September, 1939, has assumed his duties as Carey agent. The Vanlue office was discontinued and freight from Vanlue, as well as that from Wharton and Adrian, is being handled through the Carey office. Offenbacher succeeds E. E. Rutledge, who was transferred to McVitty.

LOCATED. Mary Beth Staley, missing from a Poughkeepsie, N. Y., private school since Feb. 6, waits in Evanston, Ill., police station for transportation to home of her mother, Mrs. Lucille Staley of Phoenix, Ariz. She said she hitch-hiked to Evanston to visit an aunt because she was "restless." Her father is A. Rollin Staley, Decatur, Ill.

Coroner Rules in Death Of Couple at Springfield

SPRINGFIELD, Ohio (AP)—Coroner Austin Richards has ruled murder-suicide in the shooting of a 34-year-old man and the woman he remarried two months ago after an earlier divorce.

Killed last night by bullets from a .38 caliber pistol were Harold E. Hinkle, Springfield sandwich shop owner, and his wife, Ruth, 27.

Police said the shooting occurred when Hinkle came to the home of Mrs. Hinkle's father, Robert Dillon, where he had been living, in order to pick up some clothing.

How did you sleep last night?
How long has it been since you bought a new mattress and boxsprings?
Do you know that it costs about $1,000 a year to own and operate an up-to-date car?
That's $20,000 in 20 years.
Do you know that it costs about $150 for the finest in sleep equipment —guaranteed for 20 years?
That's about $7.50 a year.
Well then . . . isn't it sort of foolish to put up with that saggy old backbreaker of a mattress and springs any longer? Why try to sleep on them another night?

Health Officials Asked To Plan For Mass Polio Vaccinations

COLUMBUS Ohio (AP)—The state health department today asked local health commissioners throughout Ohio to begin making plans for mass vaccination of all first and second grade children against infantile paralysis

Dr Ralph E Dwork department director, said the mass vaccination program is contingent of final reports of the effectiveness of the new Salk polio vaccine as determined by controlled tests last year

Test results are being tabulated now for the whole country and reports are expected shortly

'If the Salk vaccine is pronounced effective in preventing paralytic polio we must have the machinery ready to roll immediately for its distribution and administration' Dr Dwork said

He said the National Foundation for Infantile Paralysis has announced sufficient material to immunize nine million individuals in the United States will be available without cost—if the vaccine is proven effective

An equal amount would be available for purchase through commercial drug houses the director said

Dr. Dwork said the free vaccine would be limited to two groups They are

Children now enrolled in the first and second grades of public, private and parochial schools and those children who took part in the test program last year but did not actually receive the vaccine

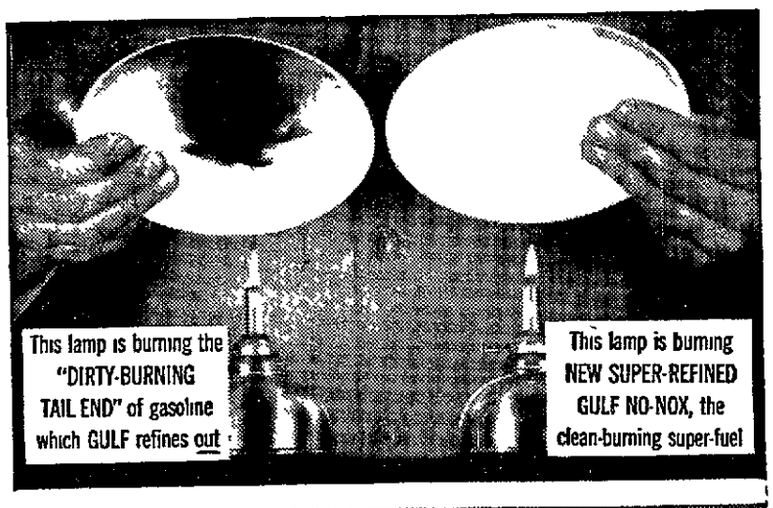
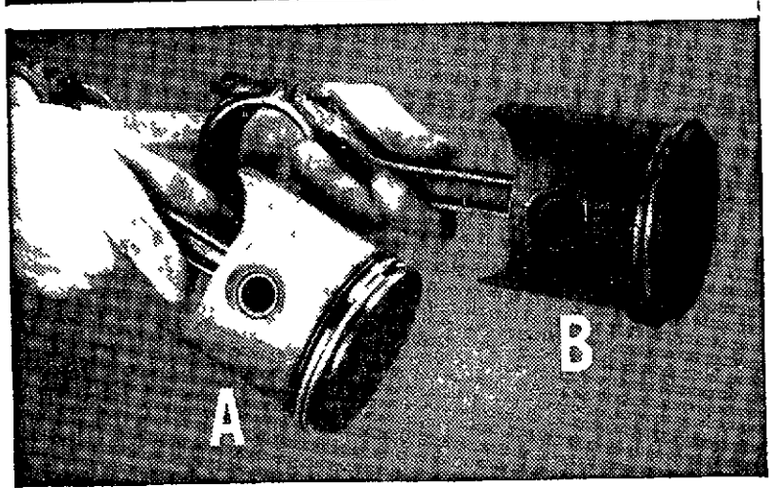
No gasoline-no, not a single one-has higher octane than

New 1955 GULF NO-NOX



This lamp is burning the "DIRTY-BURNING TAIL END" of gasoline which GULF refines out
This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel



but octane alone is not enough ... New No-Nox
burns clean!

Only a gasoline that *burns clean* can make its full octane power really work for you.

Instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place, removes the cause—the "dirty-burning tail-end" of gasoline—at the refinery.

The plates in the photo show what a difference Gulf super-refining makes!

and clean-burning No-Nox gives your engine....
more complete protection!

Gulf treats new NO-NOX to protect every part it touches against harmful deposits.

See for yourself: Compare clean piston "A" from engine using new NO-NOX with piston "B" from engine using the "dirty-burning tail-end" of gasoline that Gulf refines out. Both pistons, at left, from Gulf test engines, ran the same number of hours under the same conditions.

Fill up with new Super-Refined Gulf NO-NOX and *feel* the difference, right from the start, in full engine power that *lasts* You'll get:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness . . . instant starts . . . fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

It's super-refined...to burn clean!
The '55 gasoline for all high-compression engines

GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by all the resources—and the integrity—of the Gulf Refining Company.

Service Scheduled

Church Women Will Join In Day of Prayer Friday

Uniting with Christian peoples of nearly 130 countries around the globe, Marion church women will hold local observance of World Day of Prayer Friday at 2 p.m. in St. Pau's Episcopal Church. Theme for the service is "Abide in Me."

Sponsoring the sixty-ninth year of this special prayer effort in this country, the General Department of United Church Women of the National Council of Churches reaches the community level with its prayer day literature through its unit councils.

—:—

THE MARION County Council of Church Women to co-operate in the program has arranged a program in which wives of the ministers will take special part.

Together with the purpose of uniting "all Christians in bond of prayer" on the first Friday in Lent, the service will benefit interdenominational missions projects both in this country and abroad through the offerings received. Equal division of the money will be made bewteen the two branches of mission service by the National Council of Churches.

Each year a group of women from a different country prepares the service for World Day of Prayer use. Miss Jorgelina Lozada of Buenos Aires, Argentina was author of the 1955 program. An ordained minister of the Disciples Church, with special interest in children's work, she was the first Latin American woman to serve on the Commission on Life and Work of Women in the Church for the World Council of Churches.

—:—

MISS GRACE COOPER, St. Paul's Church organist, will be the accompanist for the hymns of the service and Mrs. James Charnley of the Likens Covenant Church will present violin music. Director of the singing will be Mrs. J. B. Holloway of Trinity Baptist Church.

Following a period of silent meditation to open the service, the section of "Adoration" will be led by Mrs. Ashely Booth of Central Christian Church and Mrs. Walter C. Eyster of Epworth

Mrs. Lynn Harris of Greenwood EUB Church will lead for "Penitence"; Mrs. J. Paul Goebel of First Evangelical and Reformed Church, "Thanksgiving," with readings by Mrs. Fred Leech of the host church, Mrs. Fletcher Shoup of Prospect Street Methodist Church, Mrs. Lester Zimmerman of First Church of the Nazarene and Mrs. Irvin W. Emmons of First Presbyterian Church; Mrs. L. Harrison Ludwig of Salem Evangelical and Reformed Church, "Intercession"; and Mrs. Holloway, "Dedication."

A USEFUL SIGN

HUNTGINDON, Tenn. (UP)—Eldon Roark had no use for a used yard sign which read "The Eldon Roarks" and mailed it to a stranger with the same name in another city 100 miles away.

CONGRATULATIONS. Rear Adm. Bartholomew W. Hogan, the U. S. Navy's new surgeon general, gets a congratulatory kiss from his daughter after oath-taking ceremony. He succeeds Rear Adm. Herbert L. Pugh.

TOUJOURS JABOUR

ROLLING FORK, Miss. (UP)—Alexander Fred Jabour named his son Fred Alexander Jabour, who in turn named his sons Alexander Fred Jabour and Fred Alexander Jabour Jr.

Upper Sandusky Man Serves State Committee

A state-wide committee for the Ohio State Bar Association's four point judicial reform program will include an Upper Sandusky man.

Russell C. Price of Upper Sandusky will serve on the committee, John C. Durfey, Springfield attorney, announced today.

The four-point program includes a proposed judicial pay increase, a judicial retirement system, an administrative assistant for the supreme court and removal of the constitutional prohibition against an increase of judicial salaries during term of office. All four points have been incorporated into bills and resolutions introduced into the 101st General Assembly.

"Necessity is the mother of invention, but patent right is the father."

And man! What that does for Dynaflow*!

HOTTEST BUICK IN HISTORY
No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" in total sales.

This is for sure . . .

There's never been anything in your car-driving experience like the feel of Buick's new Variable Pitch Dynaflow* – because there's never been anything like it in a car before.

In a modern plane, yes. For this *is* the principle of variable pitch propellers used on airplanes. Their propeller blades change "pitch" for quick take-off–then change to another "pitch" for better gas mileage in cruising aloft.

Now you can do the same thing on the ground–in a 1955 Buick.

Twenty propeller blades have been ingeniously engineered into the Dynaflow unit. They pivot–one way for a big boost in gas mileage while cruising – another way for brilliant new performance.

You switch the pitch for instantaneous acceleration just by pressing the pedal way down. Then it happens . . .

A build-up of momentum as smooth as oil–and as quick as a split second. Dazzling new response on getaway–or a spectacular burst of instant safety-surge power when you need it out on a highway.

It's pure thrill–and a happy surprise in its far better gas mileage in cruising. *Yet Variable Pitch Dynaflow costs not a penny more than earlier versions of this wonder drive.*

How about *you* trying it?

That way you can also look into the sizzling new horsepowers, the fresh new styling, the envied ever-level ride, the eye-opening low prices–all of which are making the 1955 Buick the hottest seller in all history. Come in this week, won't you?

**Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.*

Thrill of the year is Buick

Plant in Upper To Open May 1

Westinghouse Installs Production Machinery

UPPER SANDUSKY — The installation of machinery in the new million dollar Westinghouse small motors plant here is being pushed by a crew of a dozen maintenance men under the direction of plant manager Ed Gaffney

Tentative plans are being made for the scheduling of a limited amount of production of fractional horsepower electric motors by May 1 A substantial increase in productive capacity is expected by September and a regular schedule may be established by January 1956

Construction of the building, a 600 by 240 feet and one story high, was started in June, 1954, and completed early in January, 1955

The building is located near the center of a 20-acre site at the junction of the C&O Railroad and Route 53 on the west side of Upper Sandusky, and is planned to permit the addition of similar buildings adjacent to the present plant in future years

The machinery being installed includes cut-off machines lathes grinders winders presses and furnaces Other installations recently started were a temperature controlled testing room and a series of material handling conveyors The conveyors and automatic machines will make the plant one of the most modern in the area

The small motors to be built here for the Lima division of Westinghouse will be the types used for room air-conditioners window fans, furnace blowers and other small appliances

Some additional workers will be needed by the plant as early as May with prospects that nearly 100 will be required by September and 165 in the first quarter of next year

The United States had 28 750 000 births during the past 10 years

By JOHN CROSBY

Bones and Kinkajous

Some of the most curious people in this or any other town bob up night after night in Steve Allen's "Tonight" show, so curious in fact that I dispatched Operative X-1 from this office around to the Allen office to inquire if these people were just a figment of Allen's imagination or if they really existed.

JOHN CROSBY

Well, they exist all right. Lurking in the hall outside the Allen office was Mrs. Sparrow, a palmist who reads character by palm imprints on paper. When she appeared on the Allen show, she got in the mail 2,500 palm imprints. She's dying to get back on, as is apparently everyone else who has or hasn't been on.

Among others who have been on the show are Joe Interleggi who claims he has the world's strongest teeth—he uncaps beer bottles with them—and who on "Tonight" pulled a truck containing 10 people with his teeth. Then there's Dalphine Bringer who'd also like to get back on the show. She has the world's largest collection of chicken wishbones. She engraves things like happy birthday on them and sells them. Or Ben Belefonta, the Rhyming Inventor as he calls himself, who's been on three times. He invents things like the Tallyphone which records the number of phone calls you make in case you suspect the telephone company of overcharging you.

-:-

THE MAN WHO assembles this madcap crew is Dale Remington, associate producer, who arrives at work at 1:30 p.m. and is besieged with calls the rest of the day from people who want tickets, who want to get on the show, from agents who want their clients on the show or people who want to give their products away on the show.

Operative X-1 found Mr. Remington seated at a desk next to a pile of boxes reading "The Open Pit Barbecue Sauce—Just Right With a Mild Diet." Mr. Remington was saying into the phone: "Are they going to be chosen Miss Hunter College? Four carnival queens? Where can I get back to you?" He hung up. The phone rang again. Mr. Remington listened: "What is the National Guard quota?" he inquired. "If you find out, let me know, I'll try to give you a date next week."

There is an ever-growing group of people who were once content to entertain their friends in their own parlors; now they just have to get on television and it's Remington's job to cope with them. Many of them would perform for nothing but the unions won't stand still for that. When the amateurs discover that they not only get on television but get paid for it, they become wildly persistent.

-:-

ANIMALS ARE getting very popular on "Tonight" and Remington is also in charge of animal procurement as well as collectors of chicken wishbones. They've used a kinkajou, snakes, a camel, horses, a steer, monkeys, mice, hamsters, a lion cub, dogs, cats and birds. There's quite a lot of dough in showing off your pets on TV. The man who owns Zip, the chimp who roller skates, earns—according to Remington—$90,000 a year with the little fellow on TV guest shots.

Not all the interviews go smoothly. When they had the steer on, Allen asked where it was headed after the show. "He's going to be slaughtered a half hour after he leaves the theater," replied the owner calmly. Animal lovers were horrified. Jim Moran used to show up with a different animal each time which he claimed to have found in Central Park. Remington tried hard to get a giraffe for this bit but found that it was impossible to fly one in; their necks are too long for airplanes.

"While I was there," reported Operative X-1, "Remington got calls from—let's see now—a manufacturer of children's pipe cleaners who wanted someone to demonstrate how to make little animals out of colored pipe cleaners, from Remington Rand which wanted to furnish the razors to remove Steve and Skitch Henderson's beards, from a young lady who wanted Steve to sing a song commemorating the National Guard, from a BBD & O vice president who wanted to know if they had enough Griffin shoe shine kits to give away during audience interviews, from the Third Division, Marine Corps, which wanted a Marine in the audience for Steve to interview on the 10th anniversary of Iwo Jima and from "The Barber's Journal" which wanted to send a couple of barbers over to shave off Steve's beard in style.

GIRL SCOUTS MEET

Members of Girl Scout Troop 15 at Pearl Street School were entertained recently by Girl Scout Troop 23 at First Presbyterian Church with a Valentine party. For the program Mrs. Thelma Klingel told of life and customs in Australia.

Burnt Butter Icing and Nuts Top Rich Cookies

There is nothing better for school lunches or afternoon snacks than these big, soft cookies.

Topped with a smooth burnt-butter icing and nuts, they have an old-fashioned richness and flavor everyone will enjoy.

Mixed in minutes use:

½ cup soft shortening
1 cup brown sugar (packed)
½ cup granulated sugar
2 eggs
1 cup undiluted evaporated milk
1 tsp. vanilla
2¾ cups sifted flour
½ tsp. soda
1 tsp. salt
1 cup cut-up nut meats, dates or seedless raisins or one 6 oz. package semi-sweet chocolate bits.

Mix thoroughly shortening, sugars, eggs. Stir in evaporated milk, vanilla. Sift together flour, soda, salt and stir in. Blend in walnuts. Chill 1 hour. Heat oven to 375 degrees (quick moderate). Drop rounded tablespoons 2 inches apart on greased baking sheet. Bake about 10 minutes until delicately browned. Frost with Burnt Butter Glaze. Makes about 4 dozen.

Burnt Butter Glaze

Heat 2 tbsp. butter until golden brown. Beat in until smooth 2 cups sifted confectioners' sugar and ¼ cup undiluted evaporated milk.

TV's 'Sherlock Holmes' Series Produced by Pretty Parisienne

By WAYNE OLIVER

NEW YORK (AP)—A gay Parisienne, pretty and platinum blonde, is the producer of the very British Adventures of Sherlock Holmes on American television.

She's dynamic Nicole Milinaire, who gave up a profitable fabric designing business four years ago to become an assistant to youthful Sheldon Reynolds in the production of "Foreign Intrigue."

Learning the TV film business from scratch, she was assigned by Reynolds to produce the Sherlock Holmes series last year.

Nicole admits that in supervising an all-male production crew she encountered a few difficulties in the beginning.

"Ze French work very well because zey know me," she explains, "but I had a leetle trouble at first wiz ze Amerycans—zey say, 'Who is zat blonde?" Now zey are my best fans."

Interiors for Sherlock Holmes, she says, are filmed in Reynolds' Studio Eclair north of Paris where a replica of famed Baker Street was constructed under her direction. Exteriors away from Baker Street are filmed mostly in London.

"Our exterior shots in London are very deeficult," she says, "because our show is a period piece. We can shoot only on Sunday or maybe 4 a.m. to keep from having automobiles on ze street. And then we have to shoot between buses. zey let us stop cars, but nothing stops ze buses."

Ronald Howard, son of the late Leslie Howard, plays the role of Sherlock Holmes and H Marion Crawford portrays Dr. Watson in the series based on the works of Sir Arthur Conan Doyle. Nicole thinks both are ideal for the roles.

Claudette Colbert has two more appearances scheduled on CBS television the next month and a half. She will star in Best of Broadway from New York March 2 and on Climax from Hollywood April 7.

It's a real dog race on popularity Lassie and Rin Tin Tin with the latter a few points ahead in the latest score. Both attract more viewers than many major adult shows.

The Arctic Circle and the Antarctic Circle are at 66 degrees, 33 minutes north and south latitude respectively.

Troy Police Hold Trio In $70 Plant Robbery

TROY, Ohio (AP) — Police today held three men and sought a fourth after Bruan's Packing House was entered, robbed of $70 and the night watchman tied up.

Troy police yesterday captured Luther Williams, 44, Dahlgren, Ill., after a chase in which his auto overturned. Greenville police arrested Howard Bryerly, 35, Fort Wayne, Ind., and Van Watt Gardner, 41, Fort Wayne, both in another car.

The money was taken from the company's safe which was unlocked at the time, police said.

Police quoted Ralph C. Tippy, 65, the watchman, as saying four men broke into the packing company and tied him up.

UNDERPASS DEDICATED

MIDDLETOWN, Ohio (AP) — The million dollar Shafor-Nelbar underpass linking northern and eastern sections of Middletown was dedicated formally yesterday. City officials expect the underpass to ease the traffic congestion on downtown streets and establish a new citywide traffic pattern when a proposed network of arterial streets is completed. Planning for the underpass began in the 1920s.

Feather Crown On Line in Top TV Ring Clash

NEW YORK (AP)—Sandy Saddler, the longest reigning current boxing champion, takes his featherweight title out of moth balls Friday for the first time since 1951 to defend against Teddy (Red Top) Davis, of Hartford, Conn., at Madison Square Garden.

When Saddler first won the crown by knocking out Willie Pep in 1948, Marcel Cerdan was middleweight king and Joe Louis had just knocked out Jersey Joe Walcott in their famous rematch. Sandy lost the title back to Pep, won it again and defended it once before he went into the Army in 1952. He hasn't made the 126-pound weight limit since '51.

Getting ready for a championship bout, Saddler has engaged in 10 over-the-weight matches, winning all but one. In his most recent start, he stopped Lulu Perez in Boston Jan. 17.

A Carmelo Costa-Bobby Bell rematch is tonight's offering from Brooklyn's Eastern Parkway Arena. Bell, unbeaten since 1951, won a close fight from Costa at the Parkway Dec. 6, six weeks after Costa suffered his first defeat at the hands of Rudy Garcia.

Bell impressed fight fans by upsetting Garcia Jan. 10 to keep his string going. Bell's over-all record for 60 fights is an ordinary 36-20-4 but he has been hot since he came back from the Army.

ABC will telecast.

A new Argentine middleweight, Rafael Merentino, bows in tonight at St. Nicholas Arena against Rinzi Nocero, of Brooklyn. Although Merentino was stopped by Kid Gavilan in 1952, he is supposed to be on a par with Eduardo Lausse, another promising Argentine 160-pounder.

Du Mont will telecast.

Markets To Close

NEW YORK (AP)—Financial and commodity markets throughout the United States will be closed Washington's Birthday, tomorrow. Various livestock reports will be gathered by the Department of Agriculture.

Canadian and European markets will be open as usual

Green Camp Captures Verdict Over Pleasant

Green Camp's K of P Lodge team swamped Pleasant's Independents 83-71 Friday night in a non-league encounter at Green Camp Friday night.

Paul Sheppard pumped in 32 markers to lead the winners and Al Stover added 20. Martin's 30 was high for the losers. Green Camp held quarter leads of 18-12, 40-26 and 59-45.

Crawford Schools Okay Double Elimination Play

BUCYRUS — Members of the Crawford County Rural School's Athletic Commission have voted, 6-4, to continue the present double elimination basketball tournament, which was started here a few years ago, County School Superintendent S. K. Sollars announced here today.

Earlier this month, the County Athletic Board of Commissioners had voted, 4-1, for returning to the single elimination tournament.

Recommendation that the single elimination tourney be adopted throughout the state has been made by the Ohio High School Athletic Association.

N.Y. Stock Quotations

NEW YORK (AP) — Railroads helped the stock market advance into the early afternoon today. But most industrials, though firm, were under their highest prices of the session.

Utilities, aircrafts, chemicals and motion picture issues were in moderate demand. However, steels, motors, oils and rubber producers were generally lower. Distillers and airlines were mixed.

Moving upward were Bendix Aviation, Schenley, Radio Corp., Du-Pont, American Telephone, Anaconda Copper, American Cyanamid, Northern Pacific and Loew's.

Lower were Republic Steel, General Motors, Goodyear, Kennecott Copper, Air Reduction, Johns Manville, Standard Oil (NJ) and Sinclair Oil.

Youths Admit Breaking Plate Glass Windows

The breaking of a number of plate glass windows in Marion was solved over the weekend by city police with admission of four youths that they threw various objects through the windows "for fun."

Police Chief Thomas B. Coon said the four are 16 and 17 years old.

The windows broken out were at the K. and W. Plumbing Co. on Bellefontaine Ave. at Miami St., the Vine Street Market at 375 S. Vine St., Indoe Appliance and Television at 239 E. Church St. and a Gulf Refining Co. service station on Route 95 near the eastern edge of the city.

The youths have been ordered to pay damages to the business places Coon said. Total damage was estimated at between $400 and $600.

Salvation Army's Advisory Board Discusses Building

With the purchase of a building site announced recently, Salvation Army officers and members of the advisory board are now taking under consideration the erection of a new home to care for the expanding program of the Army in Marion.

Groundwork was laid Saturday when the board met with Senior Major William Chamberlain of Cincinnati, divisional commander, and Mrs. Verna Robbins of New York City, to discuss the local situation and procedures necessary for such a step.

The occasion marked Major Chamberlain's first visit here since his transfer from Columbus, where he was city commander, to his new post as divisional commander. Mrs. Robbins met with the board only in an advisory capacity and not as a campaign director. She is now conducting a Salvation Army fund raising campaign at Johnstown, Pa.

No date has been set for a campaign and no building plans outlined to date. The site for a future home was purchased recently at the corner of Windsor and W. Church Sts. at a cash price of $12,000. George Schertzer, chairman of the board said today that a building committee would be named in the near future.

Other business transacted at the board meeting included a report of the welfare department by Mrs. Forest Loudenslager, acceptance of the resignation of C. O. Brown as a member of the board, and the welcoming of Clifford Ward as a new member of the board. It was voted to add four members to the board, bringing it up to its full capacity of 27.

MAN ARRESTED ON WARRANT

A 47-year-old Marion man was arrested Saturday by city police on a warrant charging him with violation of a Cuyahoga County Juvenile Court order.

He is Hoffman W. Dwyer of 219 S. Seffner Ave., who is being held by city police until turned over to the Cuyahoga officials. The nature of his alleged violation was not stated in the warrant issued for his arrest.

ANNOUNCEMENTS

1-A—CARDS OF THANKS

STYER, MR. AND MRS.—We wish to thank all of our relatives, neighbors and friends for the beautiful flowers, cards and gifts we received for our Golden wedding anniversary. Also thanks to everyone who helped make the day so enjoyable and happy.
Mr. and Mrs. John Styer.

DOWNS, GLENN W.—We would like to express our most sincere and heartfelt thanks to the neighbors and friends for thetur many acts of kindness during the loss of our husband and daddy. We especially wish to thank the minister, Rev. John Searle, Jr., for his comforting words, the pallbearers, the V.F.W. Post and Auxiliary, the Hub Bar and Grill and all who offered to assist in any way. We also wish to thank all those who contributed floral offerings and the Merle Hughes Mortuary for their kind and efficient services.
Ida Gaskill Downs, wife,
Karen, Al and Ida Raye, children,
Mr. and Mrs. John Iams, parents,
Mr. and Mrs. Joe Downs,
Mr. and Mrs. Jesse Downs,
Mr. and Mrs. Charles Downs,
Mr. and Mrs. Ivan Smith,
Mrs. Albert Gaskill.

MILLER, MRS. MARY E.—We would like to express our most sincere, and heartfelt thanks to the neighbors, relatives, and friends for their many acts of kindness during our most recent bereavement, of the death of our beloved Aunt and Sister Mrs. Mary E. Miller.
We especially wish to thank the Minister, Rev. John Searle Jr. for his prayers, and services, the Pallbearers, the Singers and accompanist, and all who offered to assist in any capacity. We wish to thank all those who contributed to the many beautiful floral offerings, and to The Gunder Funeral Home for their kindness, and efficient services. May God bless you all and thank you.
Mr. and Mrs. Robert W. Leaper,
Jeanne and Patricia Leaper,
Brothers, Nieces and Nephews.

IN MEMORY OF Mrs. Mary E. Miller:
Deep in my heart is a picture,
Of a loved one laid to rest.
In memory's frame I shall keep it,
For she was one of the best.
Mrs. Mary Alice Leaper.

First Reports on 1954

Slightly Higher Profits Reported by 422 Firms

By SAM DAWSON

NEW YORK (AP)—The first 422 corporations to report their profits for 1954 show combined net income after taxes 3 3 per cent higher than in 1953 — the much-touted boom year

Their earnings curve was rising significantly in the final months of last year. Most observers believe the first months of this year are seeing a continuing upswing.

15 Report Loss

Of the 422 companies, 237 report increased earnings in 1954. But there are 15 reporting they operated at a net loss last year In 1953 there were only 7 of the 422 in the red ink class

The 422 early birds include both big and small corporations They range widely through the industries But they are only a comparative handful of the total of American corporations, and many of the giants are still to be heard from Early reports must be considered as only an indication of the trend

Government guessers look for the final tally—probably in early summer—to show that 1954 ran an almost neck-and neck race with 1953

The story was different earlier in the year when the profit curve was dropping But the last three months of 1954 showed business profits running around 8 per cent ahead of the preceding three months and at the best rate in more than a year

Earnings Vary

Earnings vary widely however, from industry to industry

For some—like aircraft makers and suppliers cement, electrical equipment, oil, drugs motors, glass—the year was a feast

For some—like coal, textiles carpets airlines, railroads, farm equipment, meat packing and steel —it had more of the aspects of a famine

Earnings also vary widely among companies within industries It was a year of fierce competition between industries and within industries.

Many companies within an industry had fairly good years But a big splotch of red ink by one company pulls the whole industry's percentage down In the same way, an extra fat showing by one company may make the industry's total earnings look much better than the average

Sales totals were less of an indication of earnings last year than previously There are two reasons 1 The excess profits tax didn't apply in 1954, so that many companies with lower sales were able to report gains in net profits after taxes. 2. Many companies cut costs

Waste Cut

A top factor in this was the use of more efficient plant and equipment Many concentrated on cutting out waste. The year's many mergers brought economies or tax credits for some companies Others have the advantage of faster depreciation write-offs for tax purposes now, and these make profits look better

Among the 422 companies were 305 industrials, with a gain of 6 per cent over 1953 in their combined earnings although 14 had lower earnings than in the earlier year.

The 72 utilities, with all but 12 showing a better profit year in 1954, were up 9 per cent and the five communications firms were up 15 per cent

But the 40 railroads show 33 with lower profits in 1954 and the group as a whole is off 22 per cent They, too swung over to the upside, however, as the year drew to a close

Financial institutions and insurance companies aren t included in the 422 The Federal Reserve Bank has estimated its 6 700 member banks had total profits of more than one billion dollars last year a gain of one-fourth billion First insurance company reports show good gains

The 422 corporations reporting so far had combined earnings in 1954 of $5 524 581 107 compared with $5 347 566 712 in 1953—and have high hopes of bettering the total this year

Girl Scouts in Troop 61 Hear Address on Hawaii

Girl Scout Troop 61 of George Washington School observed International Friendship Month at its meeting Thursday by having as a guest speaker Mrs Richard Zachman Speaking on Hawaii she told of its legends, the people customs and crafts She also displayed a number of articles including clothing and musical instruments native to the islands Mrs Zachman gave each girl a sample of the Islands black volcanic sand

The meeting was held at the home of the councilor Mrs William Hutchman of 307 Forest Lawn Blvd

The program was arranged by Carol Probst and Joan Holliday taught the group a new game Refreshments were prepared by Mrs Edwin Probst Members of the troop have volunteered to help in the cafeteria and the check room for the school's Fun Night Monday night as a community service project

Guest of Chiang

TAIPEI (AP) — Sen Margaret Chase Smith (R-Me) paid calls today on Vice President Chen Cheng and Premier O. K. Yui. She will be a dinner guest of President and Mme Chiang Kai-shek.

Mrs. America Contest Opens

Opening of the 17th annual Mrs America ' contest was announced today by the Ohio Fuel Gas Co sponsor of the event in Marion

C L Baxter local manager for the gas company said application blanks for the $15 000 prize contest are available now at the gas company office and at local gas appliance stores Filing deadline is March 25

The contest is open to homemakers throughout Ohio Participants must be married and over 21 years of age

Baxter emphasized that although personal appearance will be a factor in the judging the competition is not a beauty contest Entrants will be judged on their homemaking and meal planning skills " he said And the various elimination steps have been planned to provide fun for everyone participating whether she wins the top prize or not ' he added

Marion s entry in the ' Mrs America competition will be selected the week of March 27 in preliminary eliminations to be conducted by three judges from the community Judges will be selected soon

All finalists in the local competition will be awarded homemaking prizes The first place winner will compete with winners from other nearby communities in a ' bake off in which each contestant prepares a favorite meal on a gas range

The bake off will take place at Mansfield the week of April 10 Each participant will receive a set of utensils with the winner receiving a gas range and moving up to the state wide bake-off in Cleveland the week of April 17

That contest will decide who becomes Mrs Ohio The Ohio winner gets an all expense trip for herself and her family to Ellinor Village Fla to compete in the nation wide finals

The homemaker selected ' Mrs America ' will receive prizes ranging from a gas kitchen to a 1955 automobile Total value of the prizes is estimated at $15 000

One third of Ohio s farm families earn more than half their income in nonfarm work
